## ABOUT US

We, the People behind Zapalgo, started a small lighting company in 2013. Now after four years we offer lamps, furniture and accessories. Here is our catalogue.

As for lighting, we believe in one simple rule – where there's a pipe, there's a lamp. We love to play with styles, allusions and inspirations. Quotes, borrowings and tributes. Everything that brings fun, joy and happiness to us and our customers.

We don't like: hollow embellishments – so every detail in our design is fully operational.

We like: things, so we try to create objects that are timeless and can be treasured for a lifetime. Hand made to order, fully customized, true and real.

We love: copper. A mystical metal of infinite faces. Always changing, warm, colorful and generous. When you give it a little love, it always gives a lot more back.

With a profound understanding of natural materials, and special attention to detail, we aim to create a high-quality, original interior designs, that are not only functional, but whose form brings excitement, fascination, gladness and delight.

As for furniture and all other things - the same.

LET  
THERE  
BE  
LIGHT

LIGHT  
SWITCH

## TOUCH DIMMER

You can regulate the level of brightness simply by touch - tap the lamp once to turn the light on/off or hold it to set the level of brightness just right.

## ROTARY DIMMER

You can also use our rotary dimmers - turn the knob right to reach full brightness or...

...turn it left for a gentle light.

## IN-WALL DIMMER

Our Valvo wall dimmer lets you control the level of brightness in your room fluently and smoothly. You may use it with all our lamps or any other lamps of your choice, as long as all the bulbs are compatible with dimmers mechanism.

SHINE  
ON

TABLE  
LAMPS

# ALUMINO

Over three pounds of pure aluminum, a bulb and an in-built touch dimmer to set the brightness just right. What else does a lamp need?

Dimensions: 8 W x 8 D x 14 H cm  
3 W x 3 D x 5.5 H inch  
Material: aluminium  
Power switch: touch dimmer  
Customization: cord

## RANDO

A small solid wood box with thick copper plates on top and bottom. It may be small, but offers a lot of colorful variations and a powerful, touch controlled dimmer, making it playful, handy and fun.

ZAPALGO

Dimensions: 9 W x 9 D x 14 H cm  
3.5 W x 3.5 D x 5.5 H inch  
Material: solid wood, copper  
Power switch: touch dimmer  
Customization: metal, wood, cord

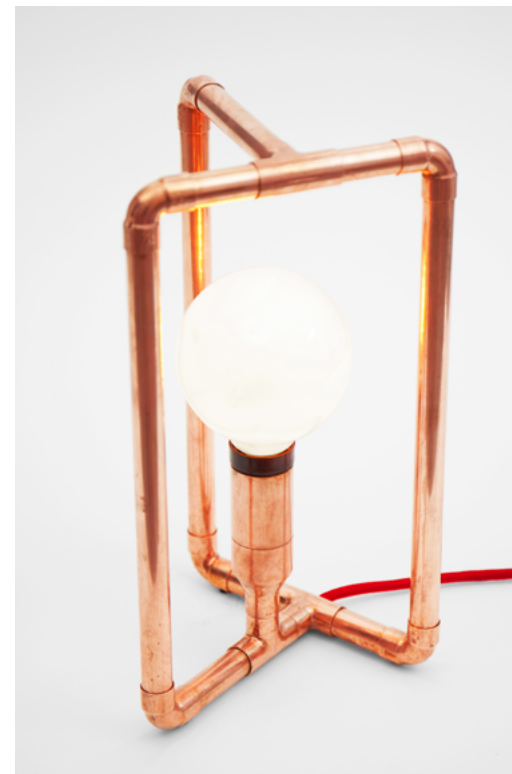

## TRIBO

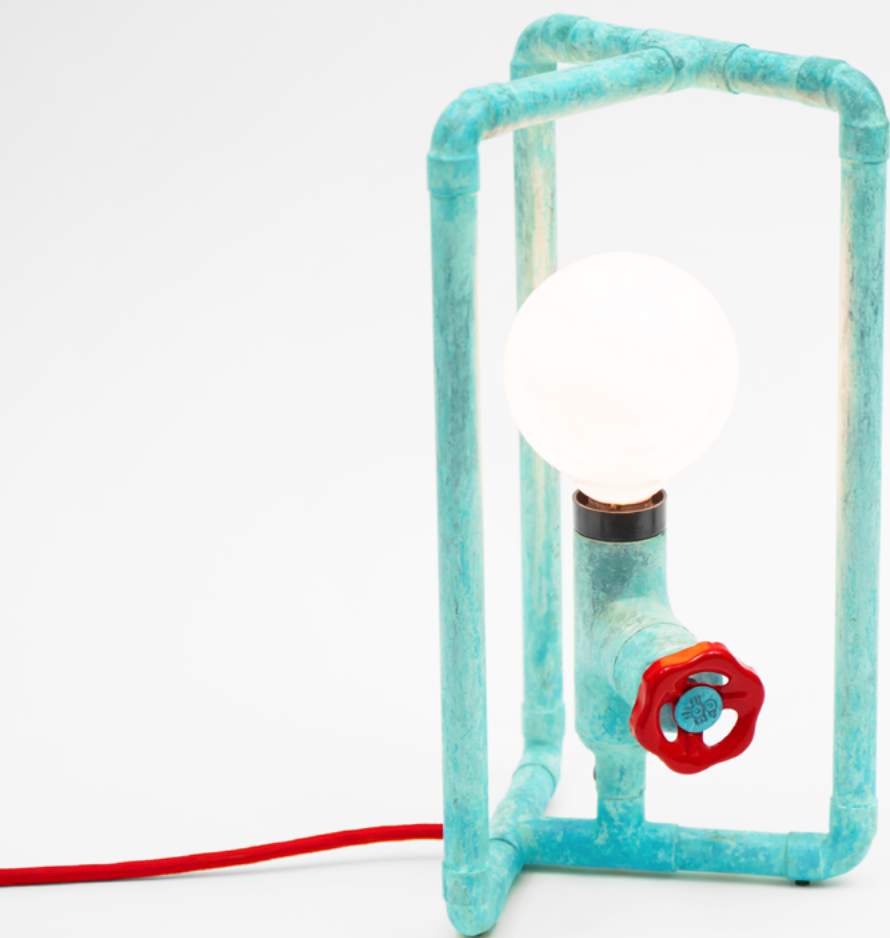

Overcomplicated to simplicity, oversimplified to complexity. This somewhat '3D Möbius strip' lamp has everything it takes - steampunk feel, geometry roots and high precision hand assembling. Tribo is entirely made of pure copper and, with a powerful dimmer hidden inside, you can regulate the brightness of the bulb simply by touch. A small cage, but a big, round heart.

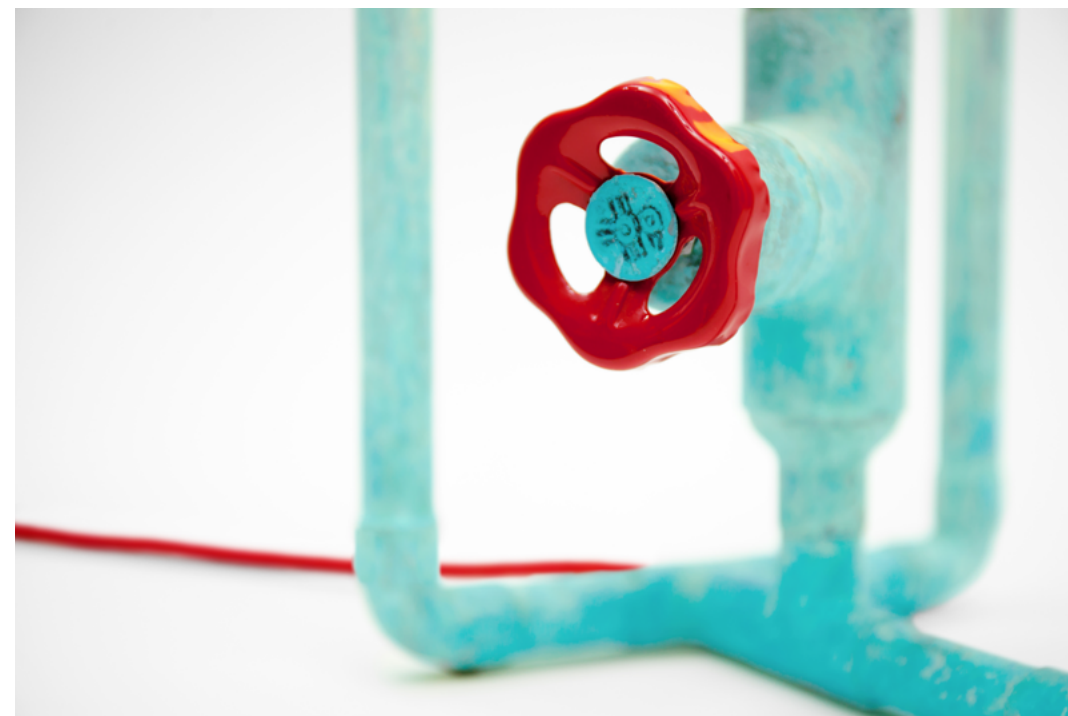

Dimensions: 19 W x 17 D x 35 H cm  
 7.5 W x 6.5 D x 14 H inch  
 Material: copper  
 Power switch: touch dimmer  
 Customization: metal, cord

## TRIBO K.

A Tribbo lamp, only with a knob. Instead of a touch dimmer you get a fully operational knob dimmer that works the same as when you pour water from a faucet. Only here it is light that you control.

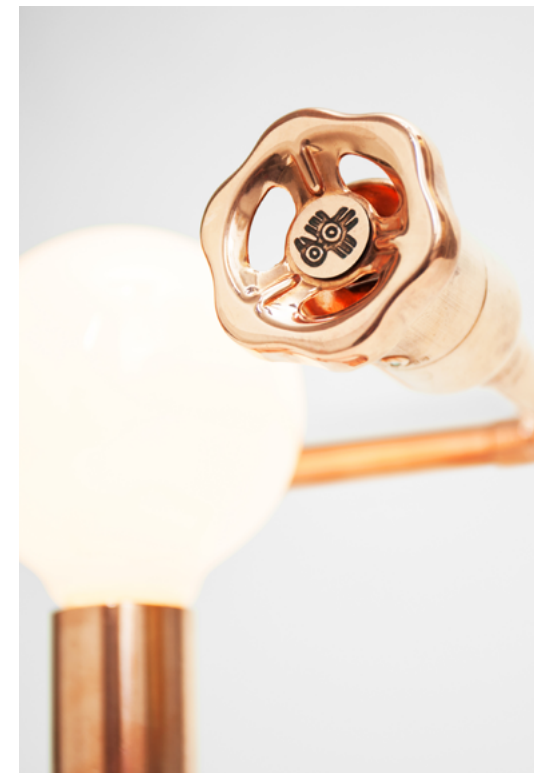

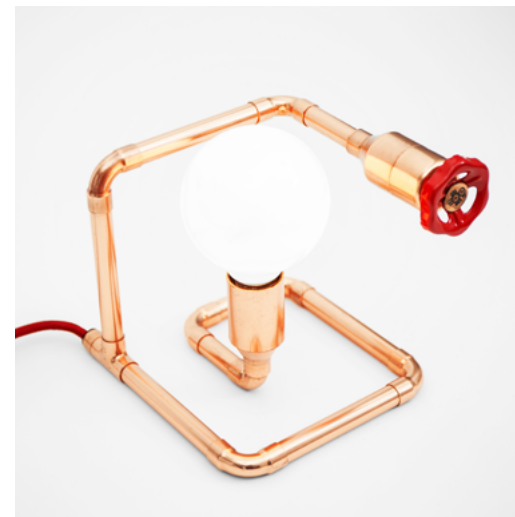

Dimensions: 19 W x 17 D x 35 H cm  
7.5 W x 6.5 D x 14 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob, cord

## STOPO

Simplistic and humble in its form, Stopo encourages intuitive interaction straight to the point – turn the knob and see what happens. Hydraulic origin obliges to only one solution – a powerful dimmer that lets you regulate the brightness smoothly and fluently. No more hollow embellishments – Stopo offers not only great design, but also an astonishing experience.

Dimensions: 20 W x 20 D x 20 H cm  
8 W x 8 D x 8 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, cord, knob

## BUJANDO

A fun project inspired by a Soviet era Russian toy that cannot be knocked down. Even if you try hard. The same laws of physics and principles of accurately placing the center of gravity lead us to creating this playful lantern lamp. Besides a marble-looking, perfectly round concrete base, it also offers a powerful touch dimmer, hidden just below the bulb.

Dimensions: 21 W x 21 D x 51 H cm  
8.5 W x 8.5 D x 20 H inch  
Material: copper, concrete  
Power switch: touch dimmer  
Customization: metal, cord

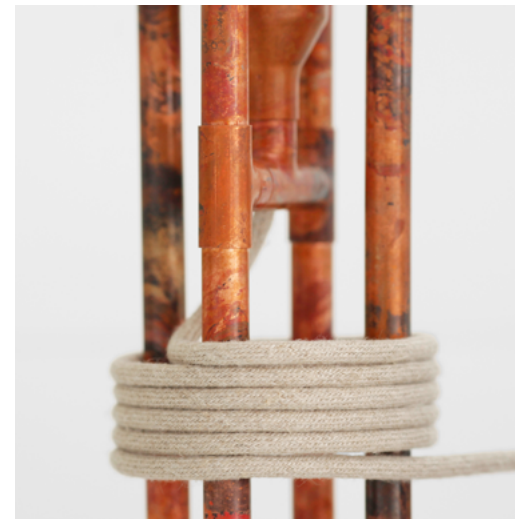

## TRUMPETO

A strange trumpet or an even stranger jellyfish, everyone sees something different. With more zoological than political connotations, we love to observe how much this lamp changes through customization – by choosing natural fabric shades, colorful metal finishes and cloth-covered cords, you can make it really unique and outstanding – a real and true eye-catcher.

ZAPALGO

Dimensions: 25 W x 25 D x 66 H cm  
10 W x 10 D x 26 H inch  
Material: copper  
Power switch: cord dimmer  
Customization: metal, cord, shade

## ROTO

A kinetic lamp with adjustable structure. It consists of two separate pieces, with the plugged one capable of acting like a swing or a windmill. You can set it horizontal, vertical, or however you like. It's your call.

Dimensions: 39 W x 31 D x 71 H cm  
15.5 W x 12 D x 28 H inch  
Material: copper  
Power switch: cord dimmer  
Customization: metal, cord

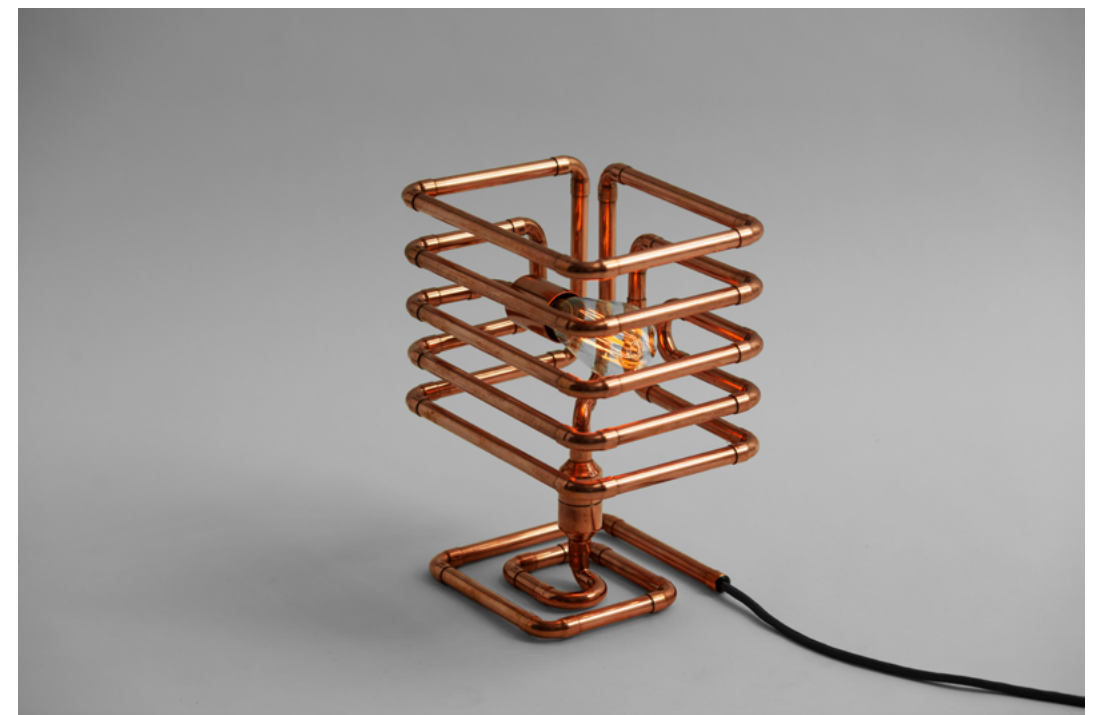

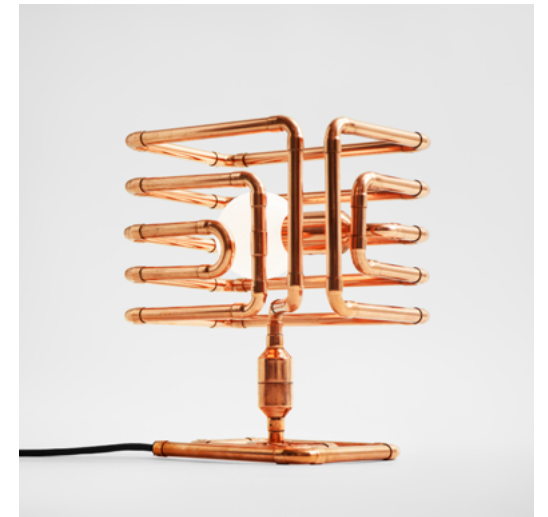

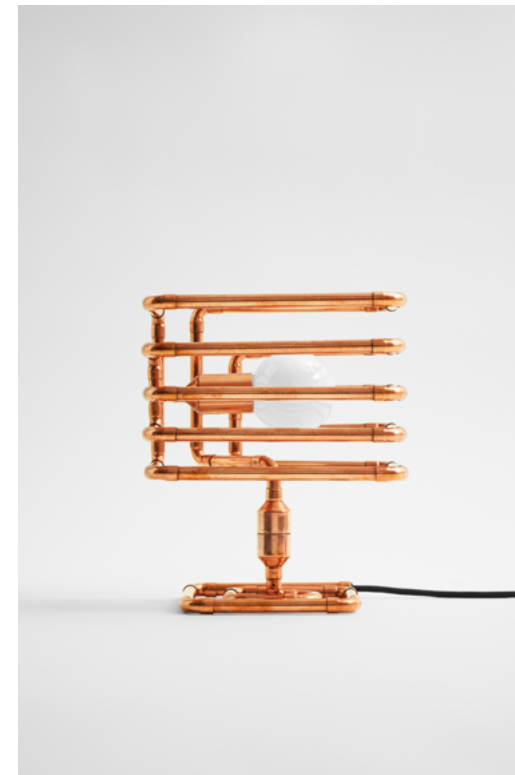

## ARBO

This desk lamp is a great example of how common sense can lead to wrong conclusions. This single pipe project, like a snake, folds and bends to form a shape of a tree. An apple tree maybe? Guess the length of the copper pipe used and you will know.

ZAPALGO

Dimensions: 30 W x 20 W x 35 H cm  
12 W x 8 D x 14 H inch  
Material: copper  
Power switch: cord dimmer  
Customization: metal, cord

## KAGO

Inspired by Art Deco and Bauhaus design icons, built with the acknowledgment for the spirit of Edison/Tesla retro bulbs, this magnificent copper cage lamp is stylish in an old-fashioned, 1920's era way. Elegant, exquisite and delightful.

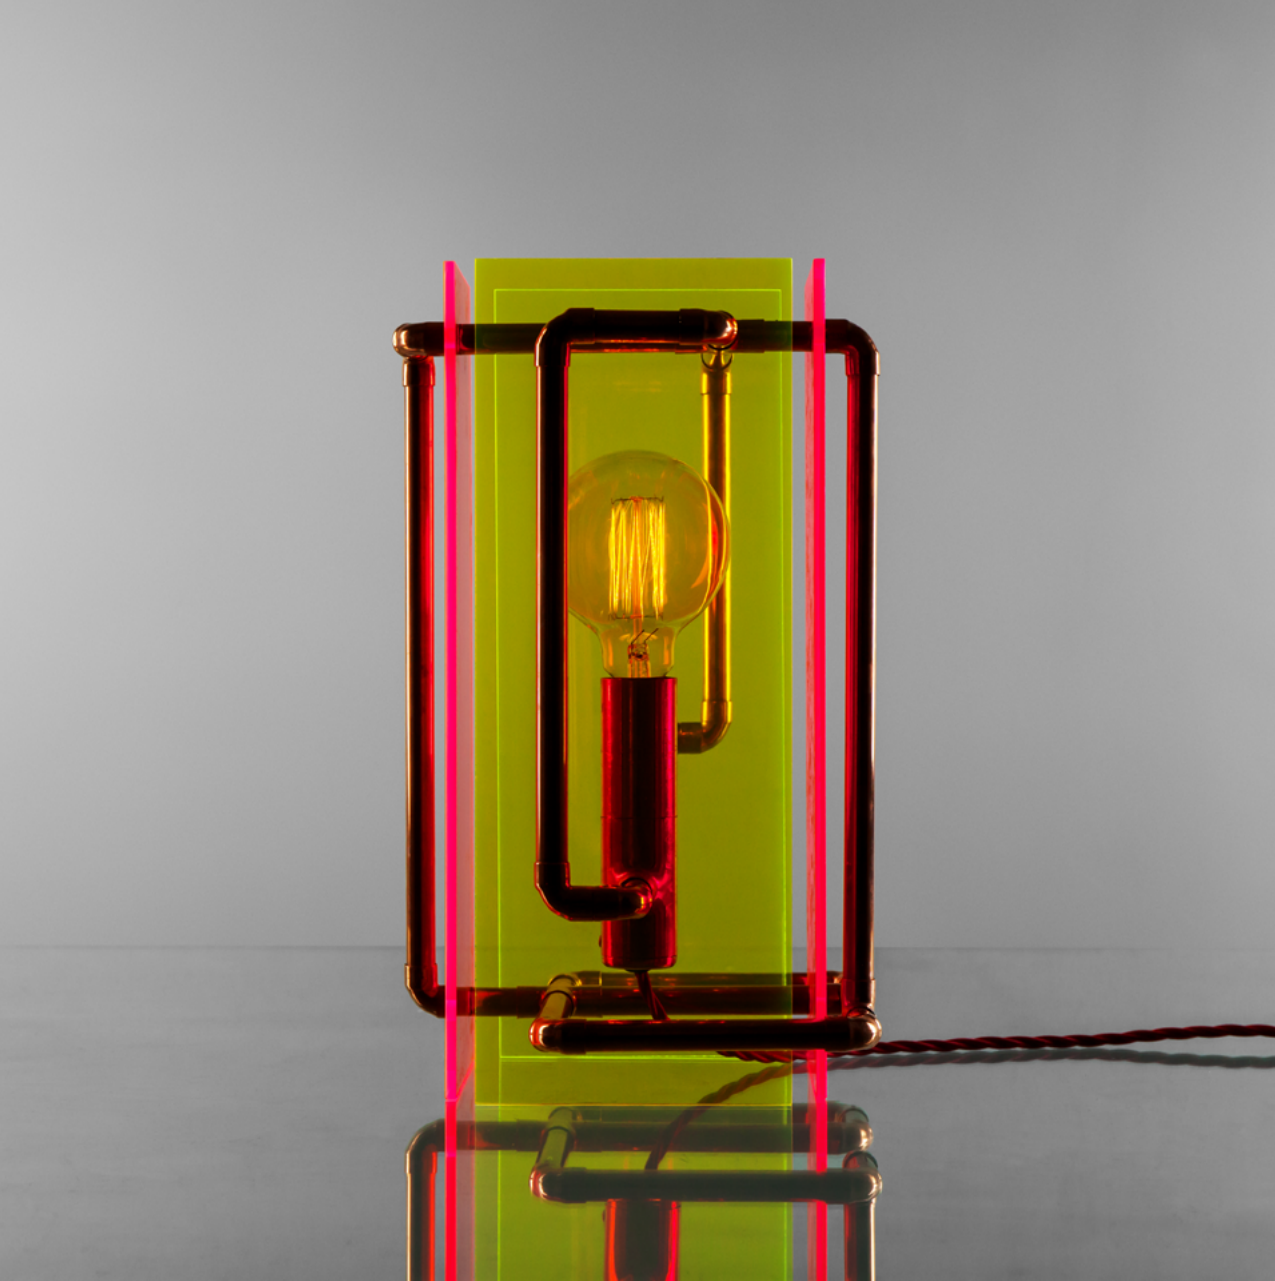

ZAPALGO

Dimensions: 25 W x 25 D x 48 H cm  
10 W x 10 D x 19 H inch  
Material: copper  
Power switch: cord dimmer  
Customization: metal, cord

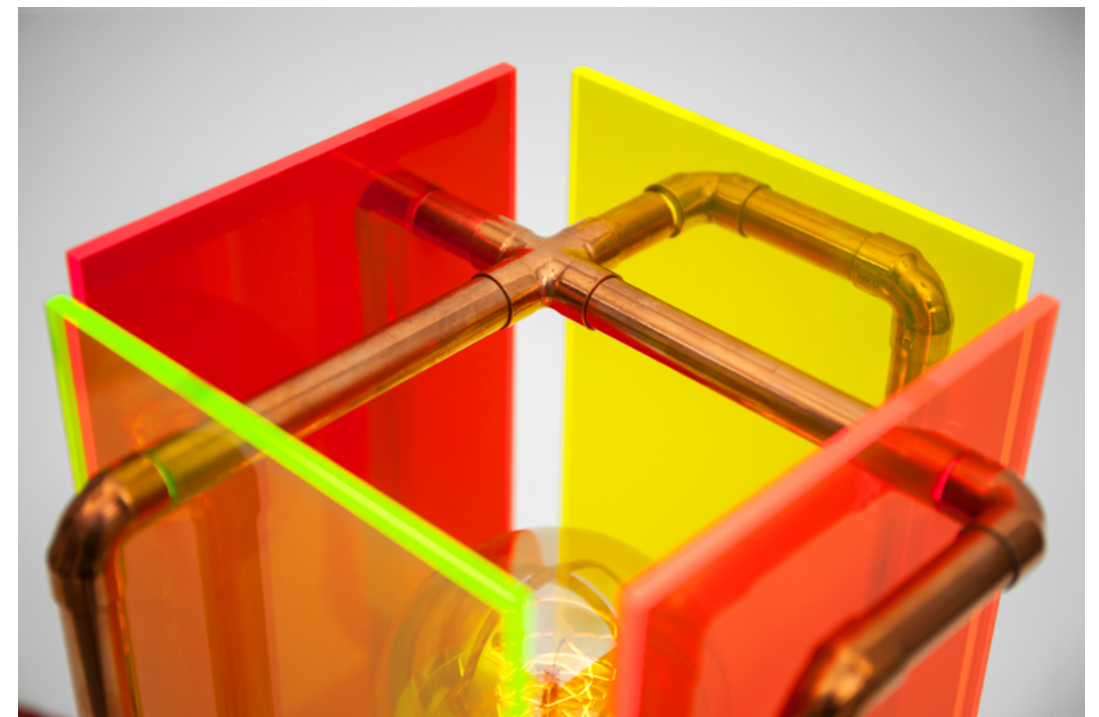

## POMPIDO

Pompido is about connection and dialogue. Copper pipes connect and hold special fluorescent plexiglass walls just like past connects and builds the future foundations. It is a dialogue between loft, industrial chill and plastic, colorful pop-art excess. From this uncommon merger evolved something new and truly beautiful – an eccentric, sculpture-like touch dimmable lamp.

Dimensions: 23 W x 23 D x 40 H cm  
9 W x 9 D x 15.5 H inch  
Material: copper, fluorescent plexiglass  
Power switch: touch dimmer  
Customization: metal, cord

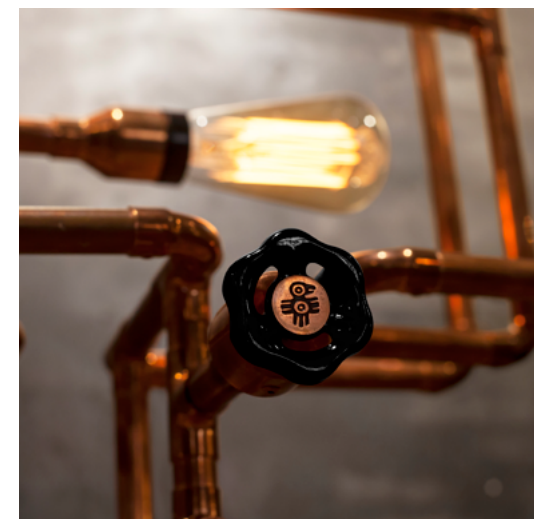

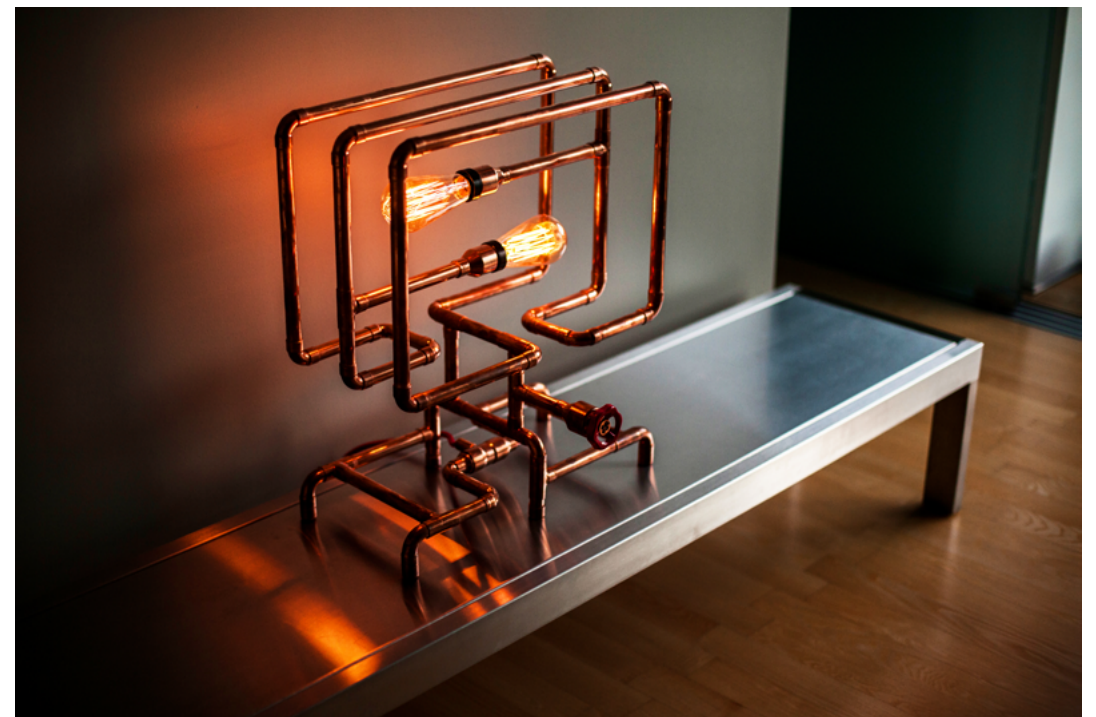

## RADIATORO

Steam engines era styling that evolved into robot-like copper pipe lamp. One eye on the future, one eye on the past. And a knob that lets you regulate lamps madness level from darkest to brightest. Fluently and seamlessly.

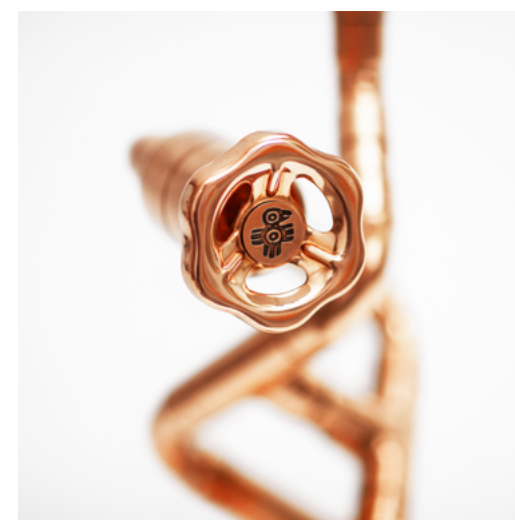

Dimensions: 45 W x 32 D x 52 H cm  
18 W x 13 D x 20.5 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob, cord

## SPIRALO

Inspired by the DNA double helix, but rewritten, redesigned, deconstructed and translated to copper pipes and fittings language and reality. Then, after seven days, by adding a natural fabric shade and a rotary dimmer, regulated with a colorful knob, we finished our job, thus creating something new – a lamp.

Dimensions: 40 W x 40 D x 86 H cm  
15.5 W x 15.5 D x 34 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, cord, knob, shade

STAND  
UP FOR  
YOURSELF

FLOOR  
LAMPS

## YAMATO

Japanese minimalism is always a good idea. It is light, non-dominant, blends into interior discretely and permanently. Same materials – wood, copper and fabric – but arranged into an explicitly determined Japanese style. It's all in the design and Yamato makes a perfect example. And a perfect lamp.

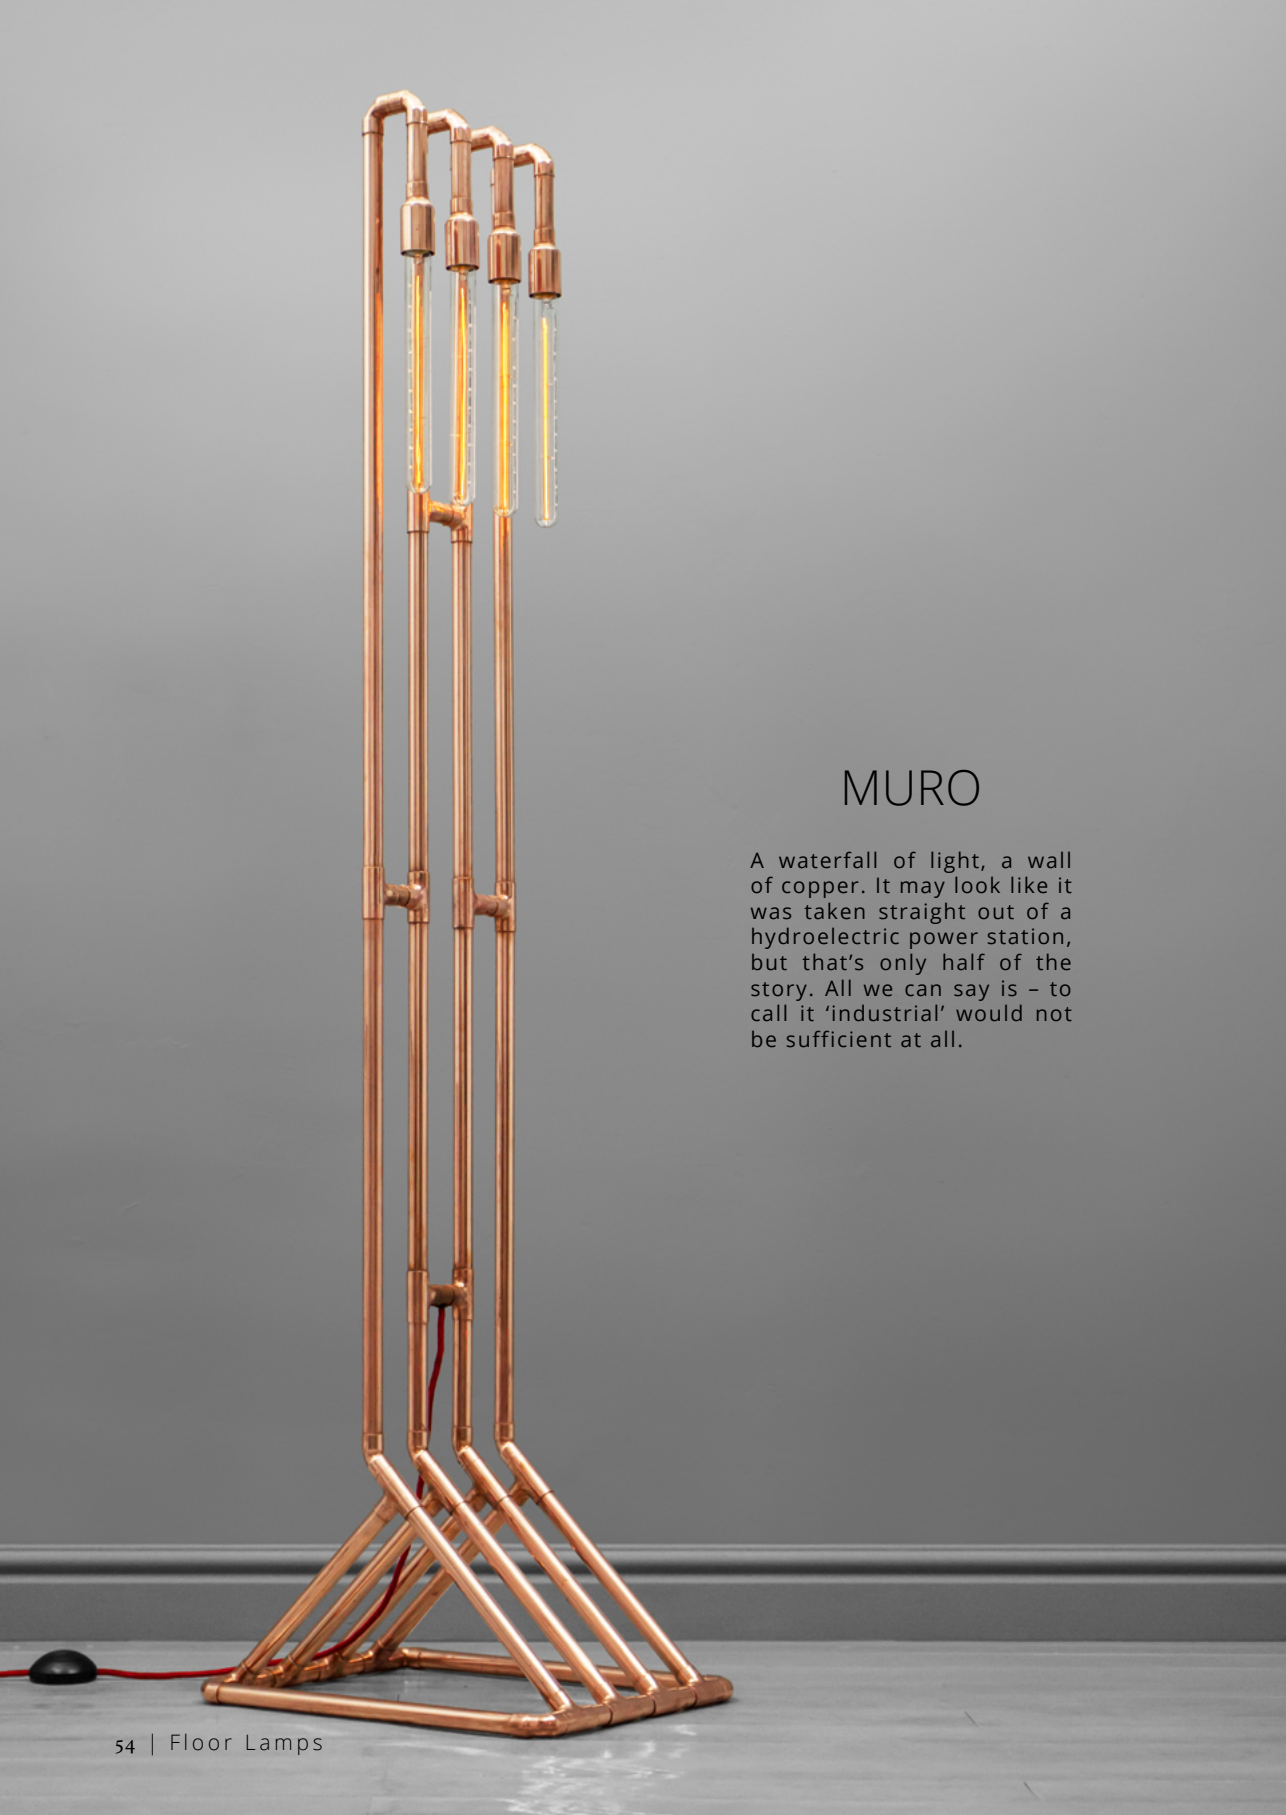

ZAPALGO

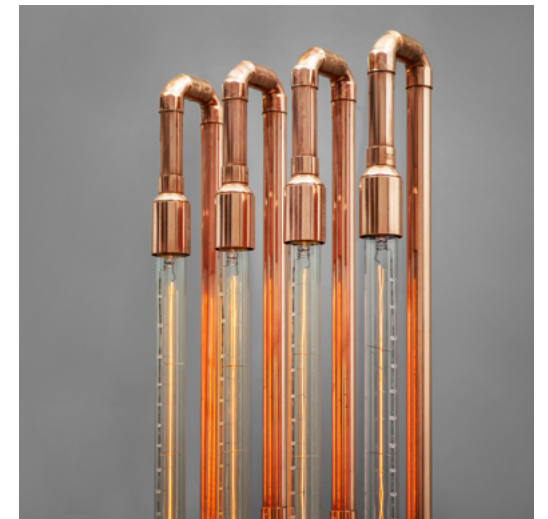

Dimensions: 50 W x 50 D x 170 H cm  
19.5 W x 19.5 D x 67 H inch  
Material: copper, solid wood  
Power switch: foot dimmer  
Customization: metal, wood, cord, shade

## MURO

A waterfall of light, a wall of copper. It may look like it was taken straight out of a hydroelectric power station, but that's only half of the story. All we can say is – to call it 'industrial' would not be sufficient at all.

Dimensions: 38 W 47 D 174 H cm  
15 W x 18.5 D x 168.5 H inch  
Material: copper  
Power switch: foot dimmer  
Customization: metal, cord

## UNO

An older sister of our Stopo table lamp. Constructed upon the same principles, it develops the idea of building a lamp on two separate copper pipe circuits. Uno design emphasizes two most important parts – the knob with a rotary dimmer and the large retro bulb, putting them instantly in the center of attention.

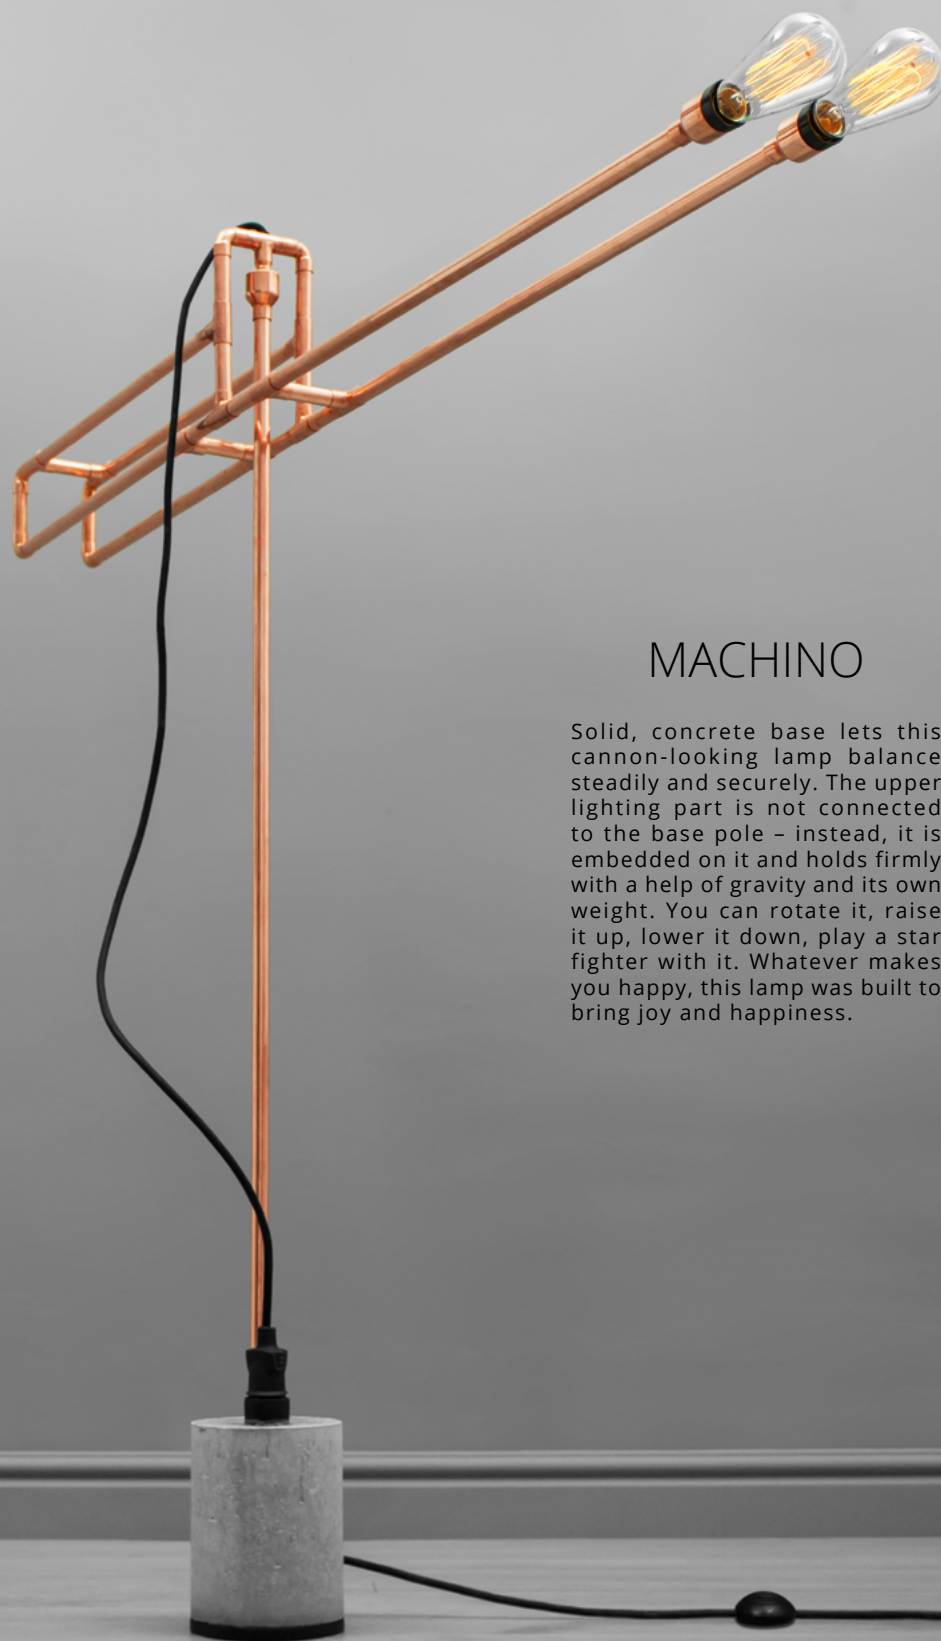

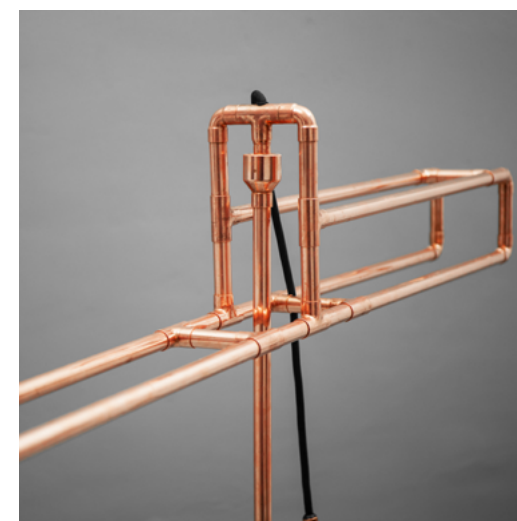

Dimensions: 27 W x 30 D x 145 H cm  
10.5 W x 12 D x 58 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, cord, knob

## MACHINO

Solid, concrete base lets this cannon-looking lamp balance steadily and securely. The upper lighting part is not connected to the base pole – instead, it is embedded on it and holds firmly with a help of gravity and its own weight. You can rotate it, raise it up, lower it down, play a star fighter with it. Whatever makes you happy, this lamp was built to bring joy and happiness.

Dimensions: 145 W x 15 D x 145 H cm  
57 W x 6 D x 57 H inch  
Material: copper, concrete  
Power switch: foot dimmer  
Customization: metal, cord

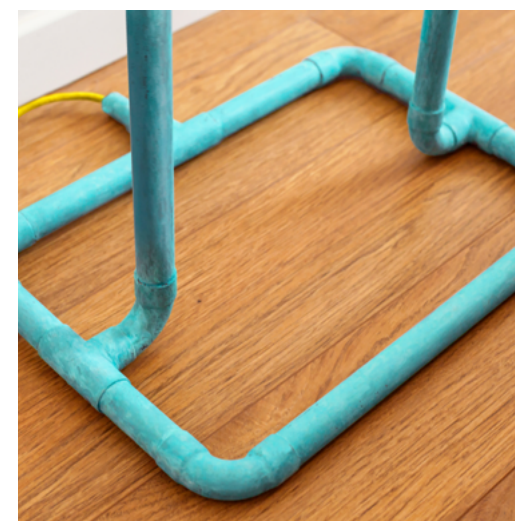

## GIGANTO

Not that big, but also not small at all. For a floor lamp it's just perfect. Try visualizing it in our wide selection of natural fabric shades, colorful patinas, metal platings, with cloth-covered cables, and soon you will find the one composition hand-made just for you.

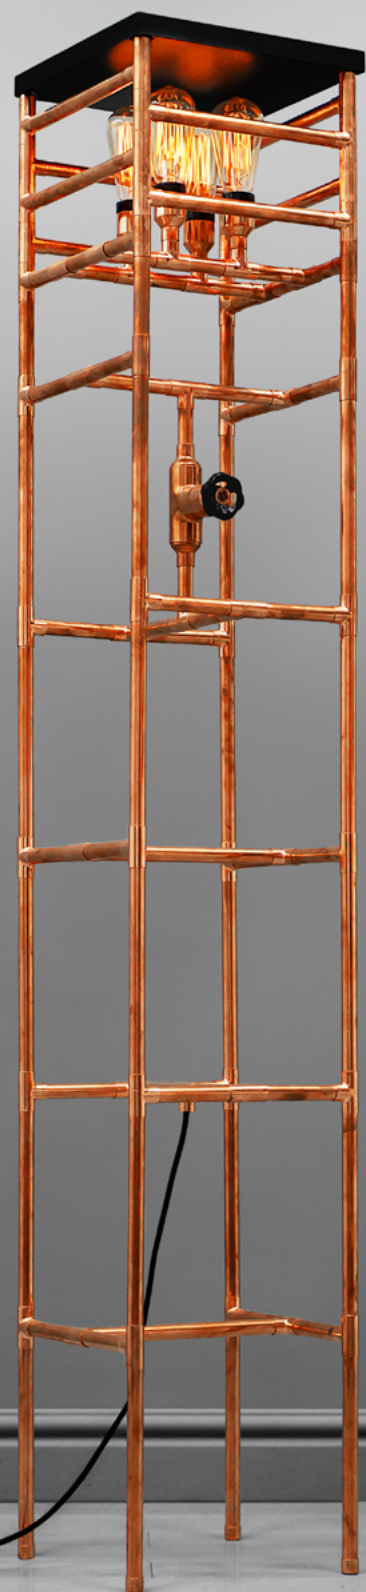

Dimensions: 40 W x 40 D x 145 H cm  
15.5 W x 15.5 D x 58 H inch

Material: copper

Power switch: rotary dimmer

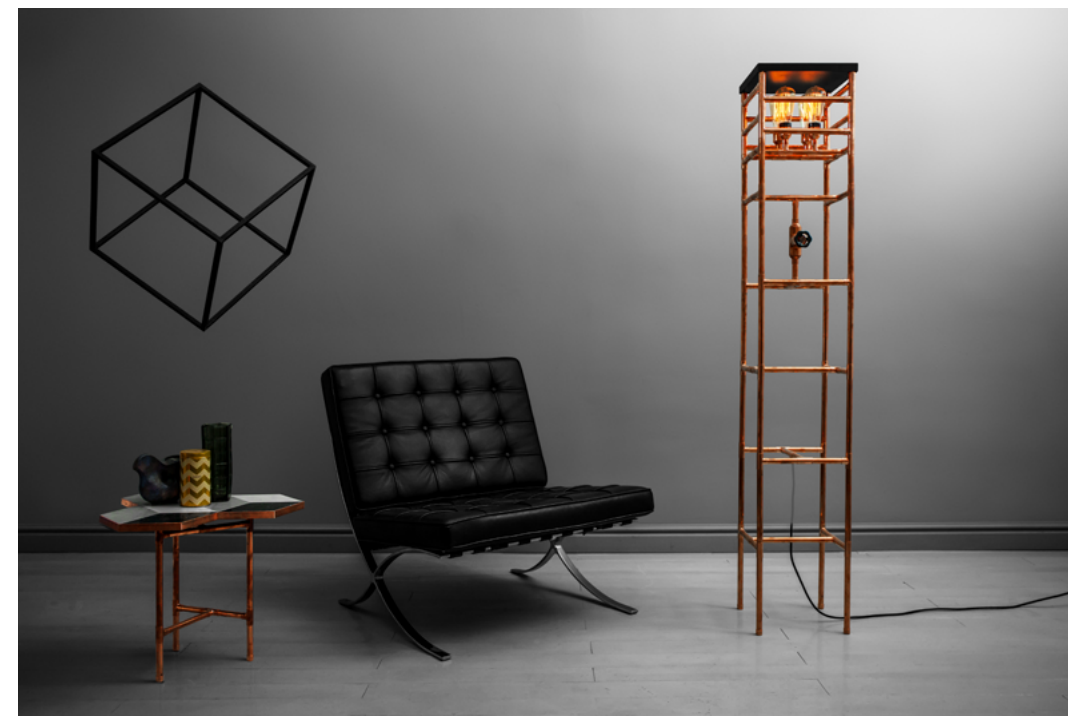

Customization: metal, cord, knob, shade

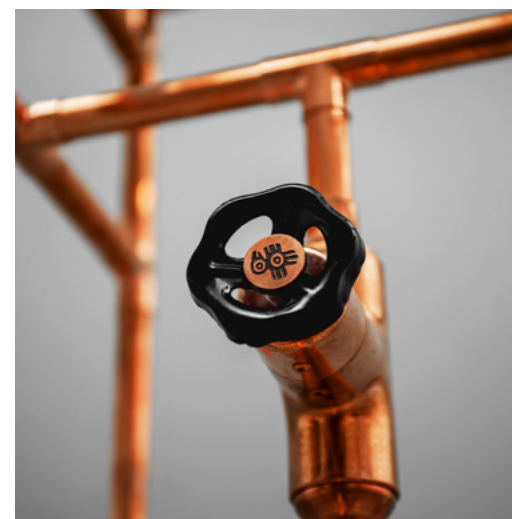

## TURO

Originally inspired by a Warsaw skyscraper and a workers scaffolding, it later made a narrow turn towards a clock tower or an unusual lighthouse. All that mixed and combined formed a high-rise lamp, with a rotary dimmer placed inside to cool them down. Not only the bulbs.

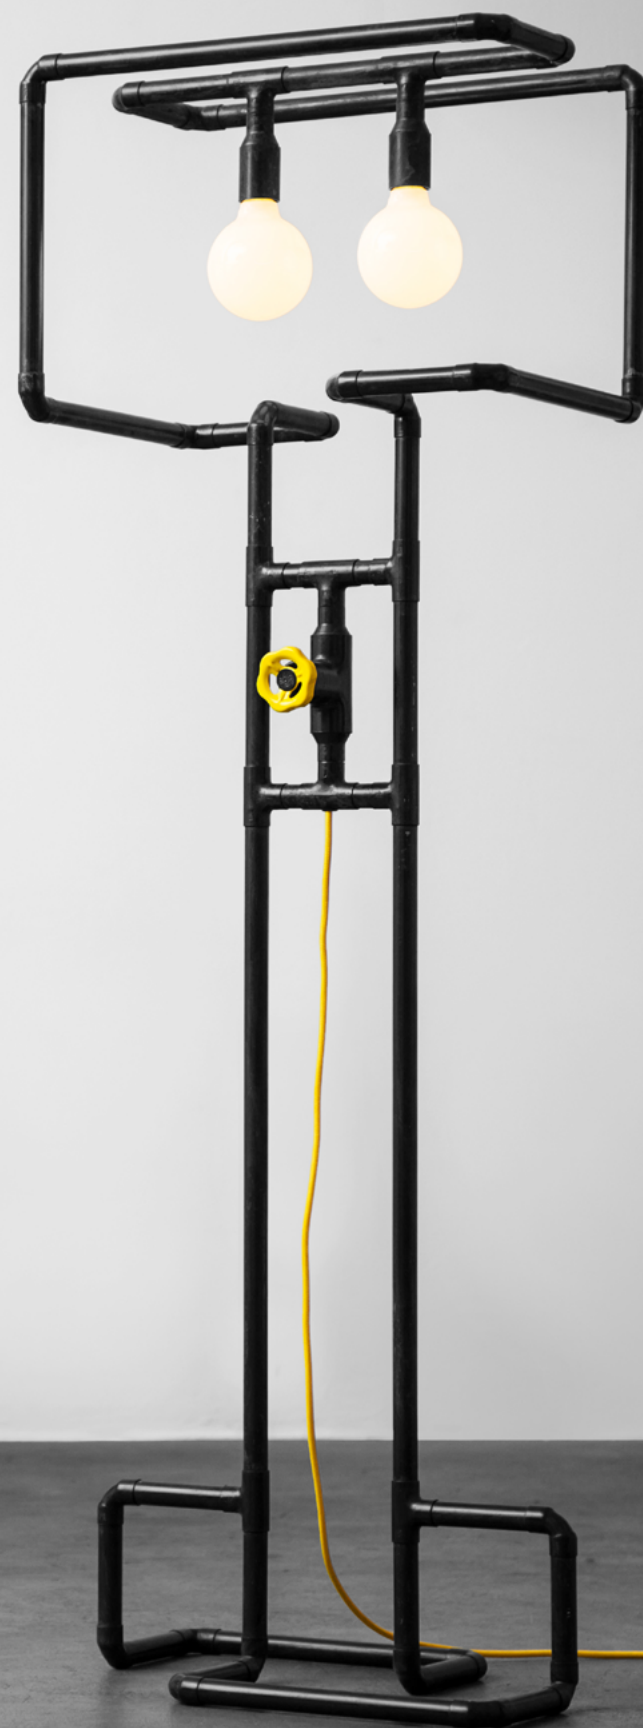

Dimensions: 30 W x 30 D x 173 H cm  
12 W x 12 D x 68 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, cord, knob

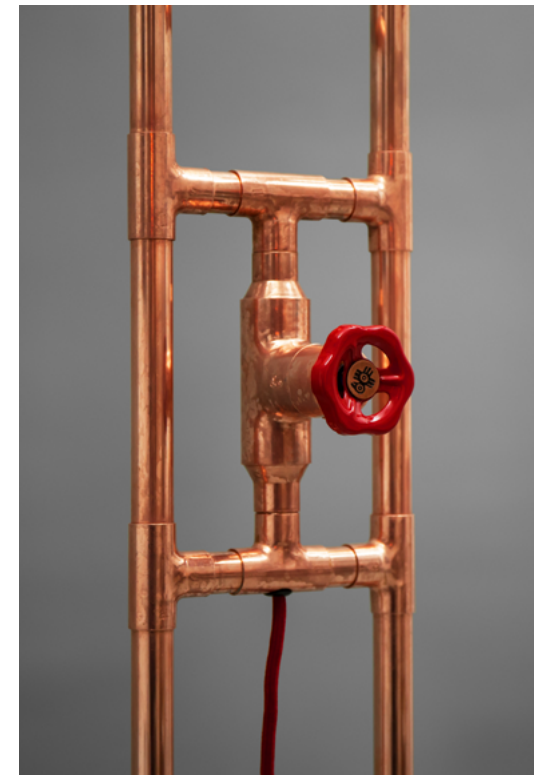

## ROBOTO

Is it looking at me? Oh, I think it is. A floor lamp that is brought to life every time you turn the colorful knob. Do not hesitate anymore and make yourself a present – a new friend – Roboto.

Dimensions: 48 W x 33 D x 145 H cm  
19 W x 13 D x 57 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob, cord

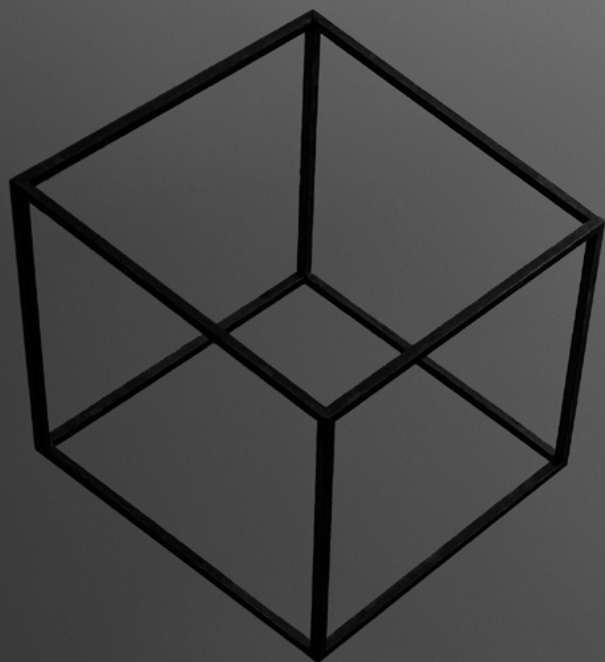

## METROPOLO

Metropolis. A hollow construction, a prelude to something big. First skyscrapers, first neon signs, gentlemen in suits and ladies in colorful, long dresses. The reference and context is obvious, but you have to turn this lamp on to really see its glory and monumentality. Also, whether you choose shade or glass dome, it is a choice between two options – either you look at the lamp, or the lamp looks at you.

Dimensions: 50 W x 50 D x 168 H cm  
19.5 W x 19.5 D x 66 H inch  
Material: copper  
Power switch: foot dimmer  
Customization: metal, cord, shade

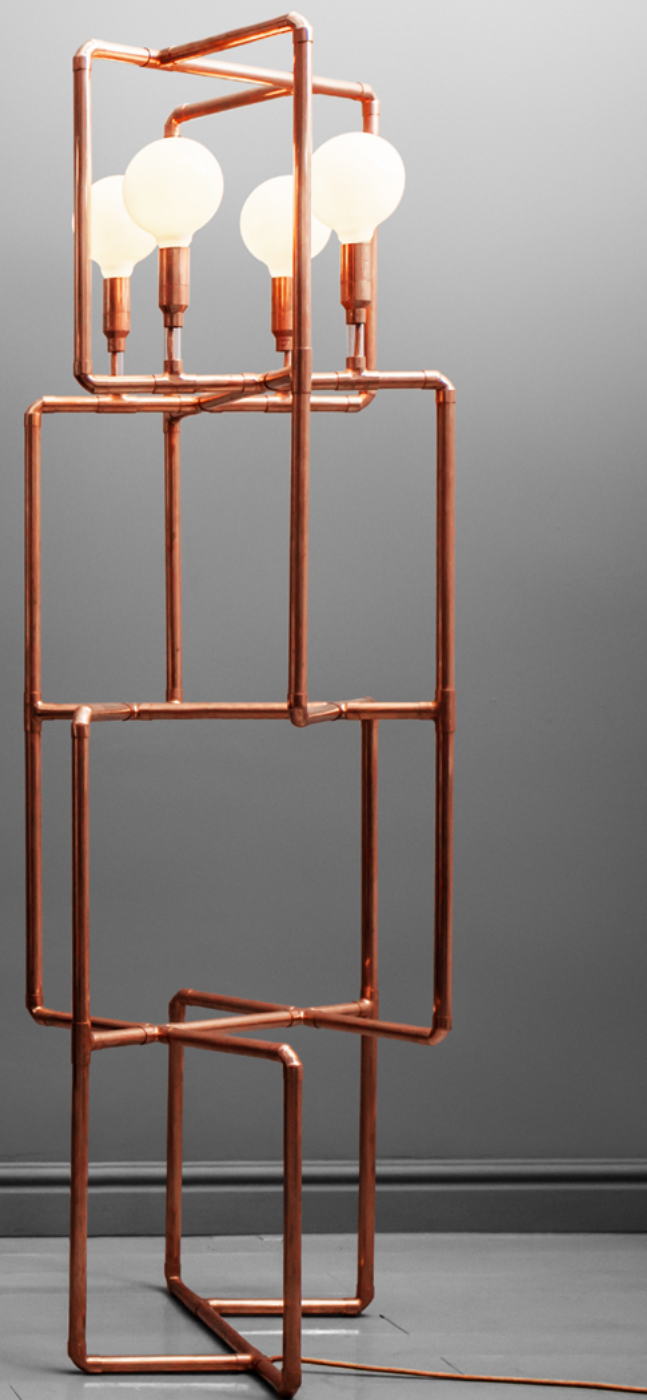

## TREMENDO

It may not be visible at first, but Tremendo is a member of the Tribo family. It may not be visible at second look as well, because the copper pipes structure is quite complicated. But one thing about this lamp is obvious – it is tremendous. And that is clearly visible.

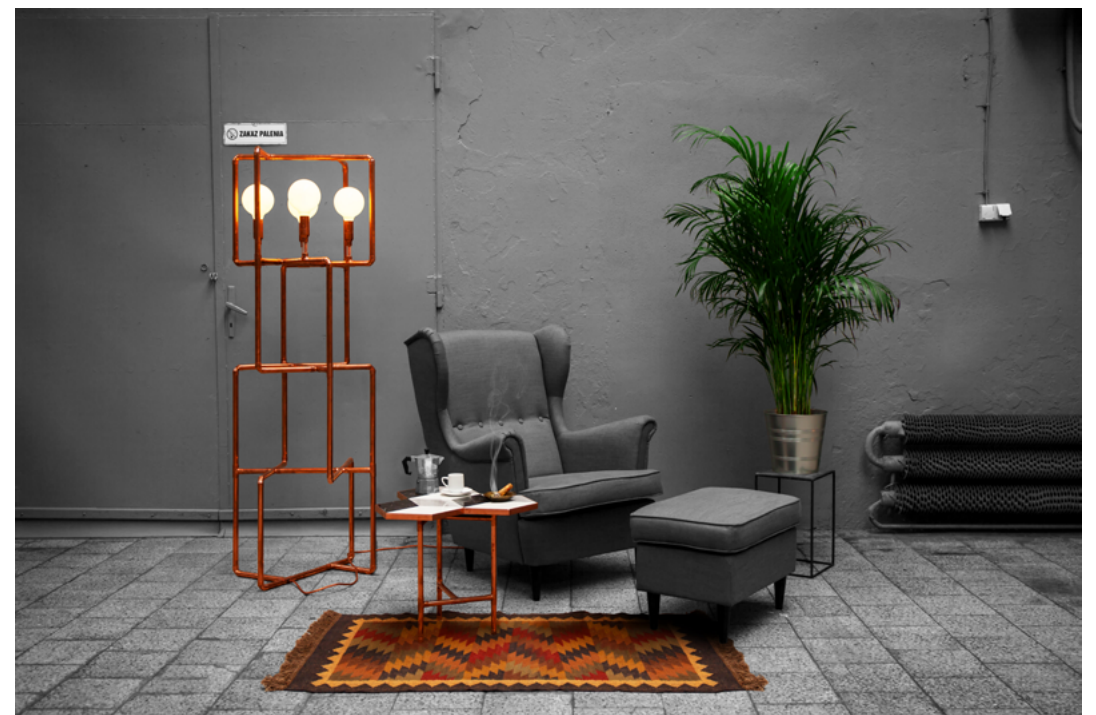

ZAPALGO

Dimensions: 57 W x 57 D x 172 H cm  
22.5 W x 22.5 D x 68 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, cord,

ENLIGHTEN  
ME

WALL  
LAMPS

## MARIO

A simple lamp for simple and fast solutions. A famous plumber would recommend it for sure. If you want something industrial, small but original and uncommon – Mario is the choice for you.

ZAPALGO

Dimensions: 9 W x 13 D x 18 H cm  
3.5 W x 5 D x 7 H inch  
Material: copper  
Customization: metal

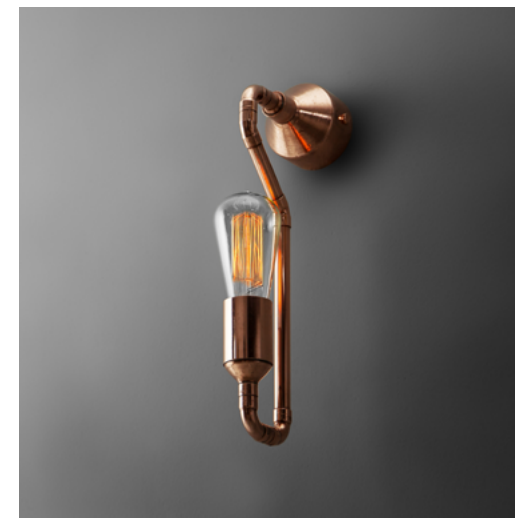

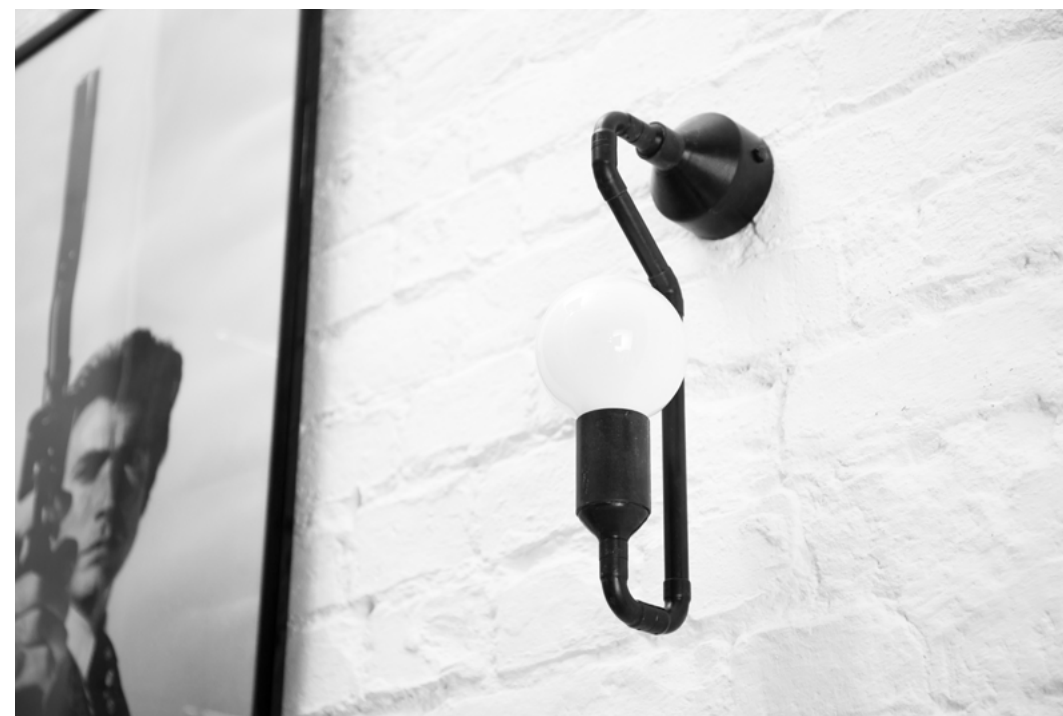

## HOKKO

Some see a smoking pipe, other see an old carriage lantern. Nevertheless, getting hooked by this lamp is very easy and the only way to get over it is to hang it on your wall.

Dimensions: 9 W x 15 D x 38 H cm  
3.5 W x 6 D x 15 H inch  
Material: copper  
Customization: metal

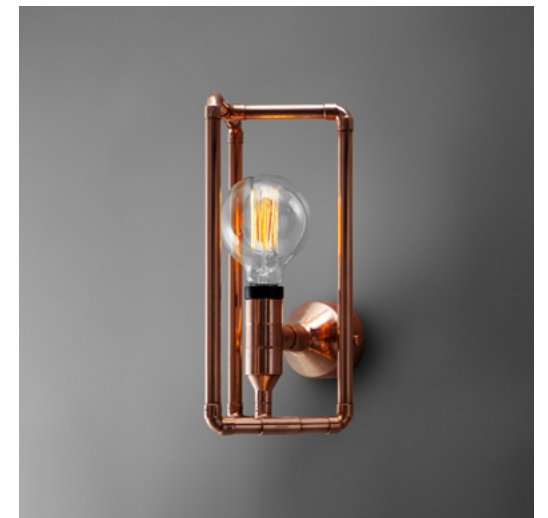

## TRIBO.W

Member of the Tribo family. A three-legged cage that goes on the wall and looks great either straight or upside down. Beautiful, industrial sconce with a twist.

ZAPALGO

Dimensions: 16 W x 21 D x 33 H cm  
6.5 W x 8.5 D x 13 H inch  
Material: copper  
Customization: metal

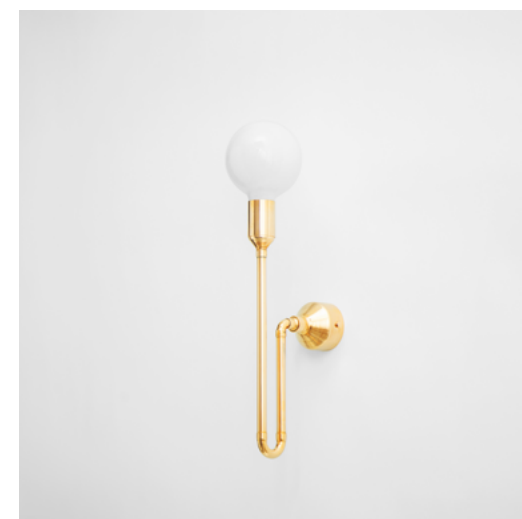

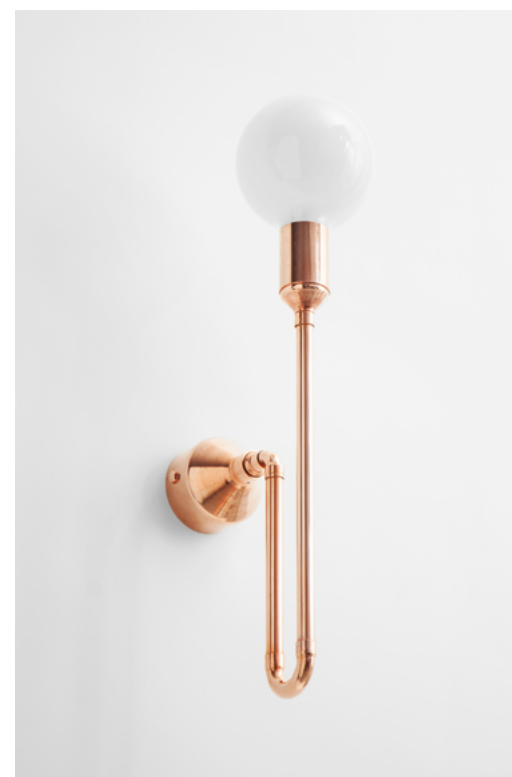

## ARCO

Part of the Arco series. This basic model is the simplest one, yet the most clean and direct one. Because we believe that sometimes less is more.

Dimensions: 9 W x 18 D x 41 H cm  
3.5 W x 7 D x 16 H inch  
Material: copper  
Customization: metal

## ARCO.S

Part of the Arco series. It comes with a high quality, handmade shade and gives a rare opportunity to change your interior fast and easy.

Dimensions: 25 W x 28 D x 54 H cm  
10 W x 11 D x 21.5 H inch

Material: copper

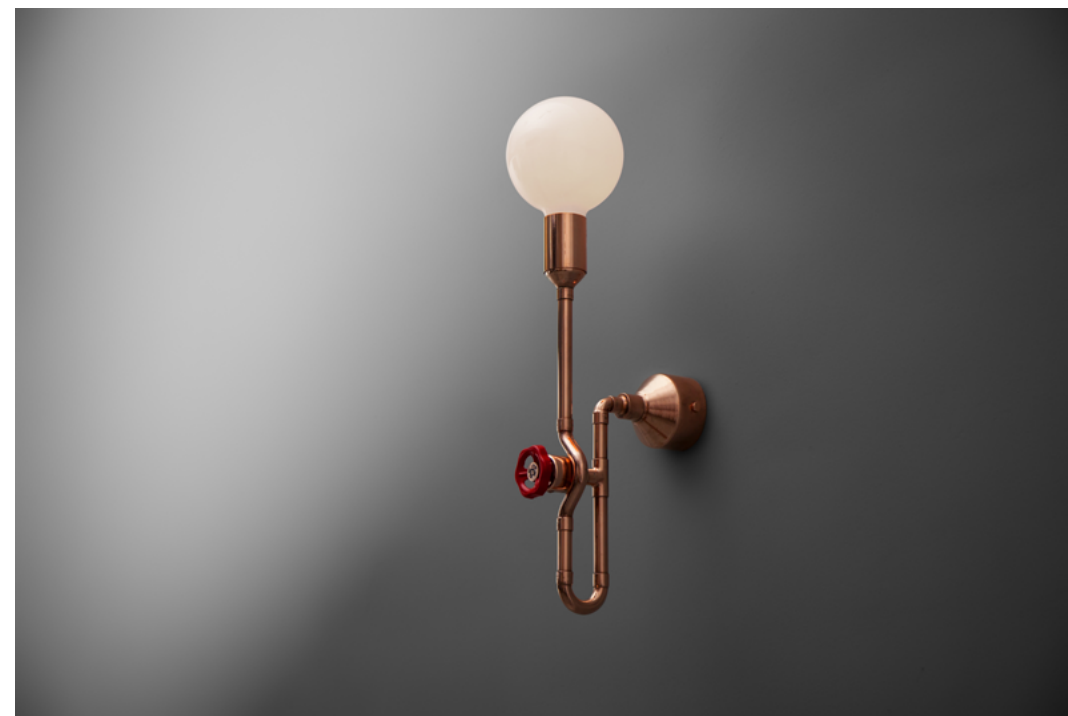

Customization: metal, shade

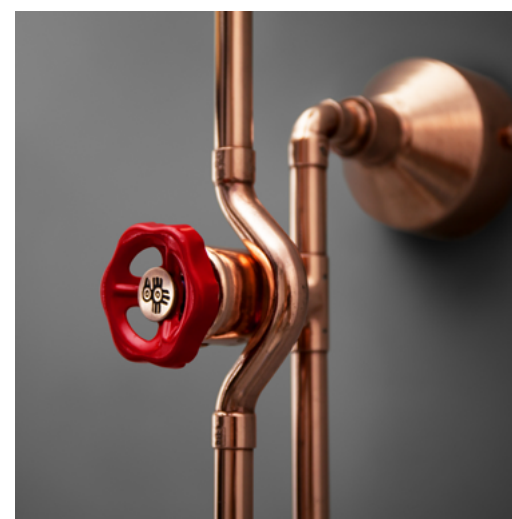

## ARCO.K

Part of the Arco series. This model has a built-in rotary dimmer, fluently regulated by a cleverly situated, fully operational colorful knob. This sconce, as well as any other sconce from our collection, can be connected directly to the power point in the wall, or, embellished by a colored cable, switch and a plug, can be connected to the wall electric socket underneath it. The choice is yours.

Dimensions: 9 W x 20 D x 41 H cm  
3.5 W x 8 D x 16 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob

# ARCO.K&S

Part of the Arco series. This model has everything you could possibly want – a rotary dimmer fluently controlled with a knob, a high quality shade, great design. The knob and shade are easy to switch, so you can get extra colors and change them whenever you like.

ZAPALGO

Dimensions: 25 W x 28 D x 54 H cm  
10 W x 11 D x 21.5 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob, shade

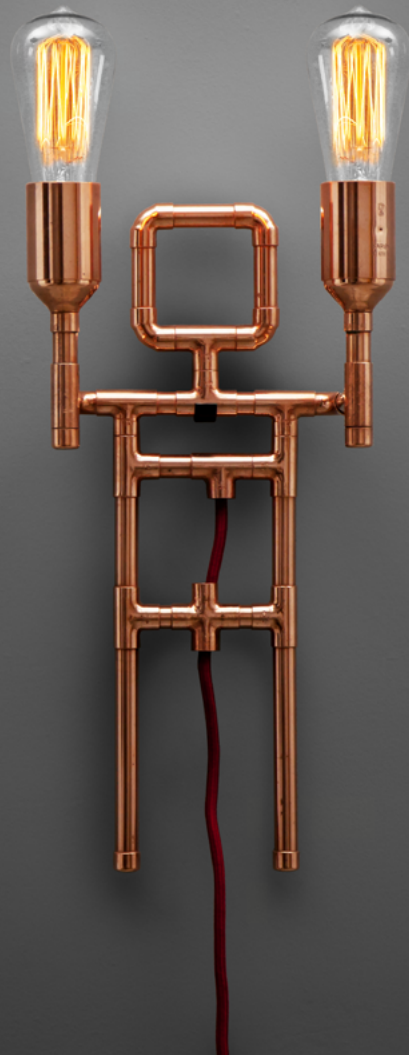

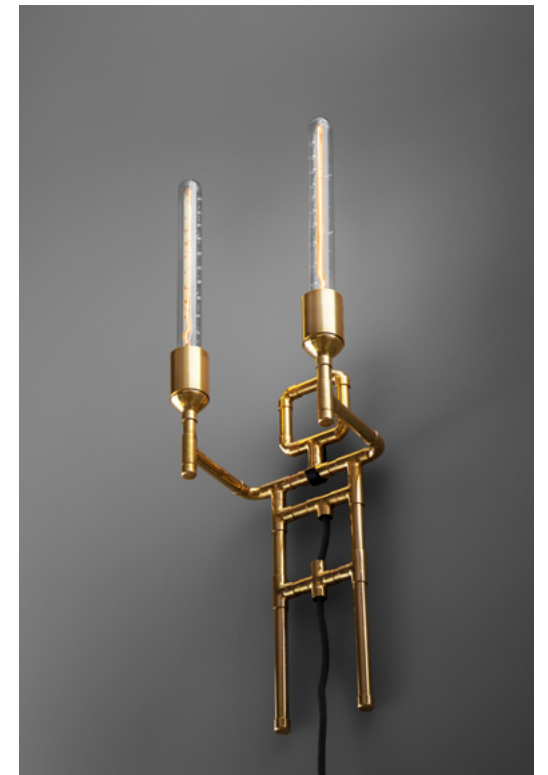

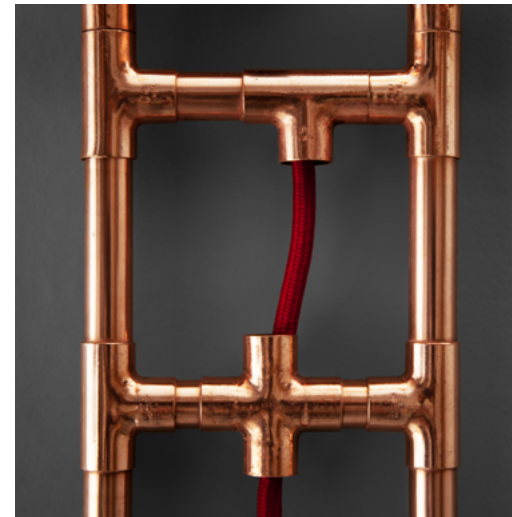

Dimensions: 22 W x 15 D x 42 H cm  
8.5 W x 6 D x 6.5 H inch

Material: copper

Power switch: cord switch

Customization: metal, cord

## HOMINO.W

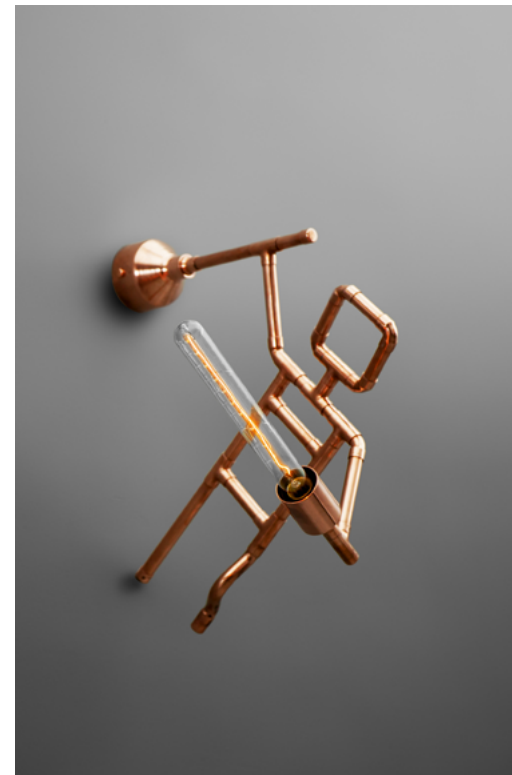

A member of the Homino family. This little guy is on a secret mission. His nickname is "Prometeo" and he is here to bring you light. Take it, please. He comes with a color cord, a switch and a plug, in case he has to move and hide somewhere from the darkness.

## HOMINO.J

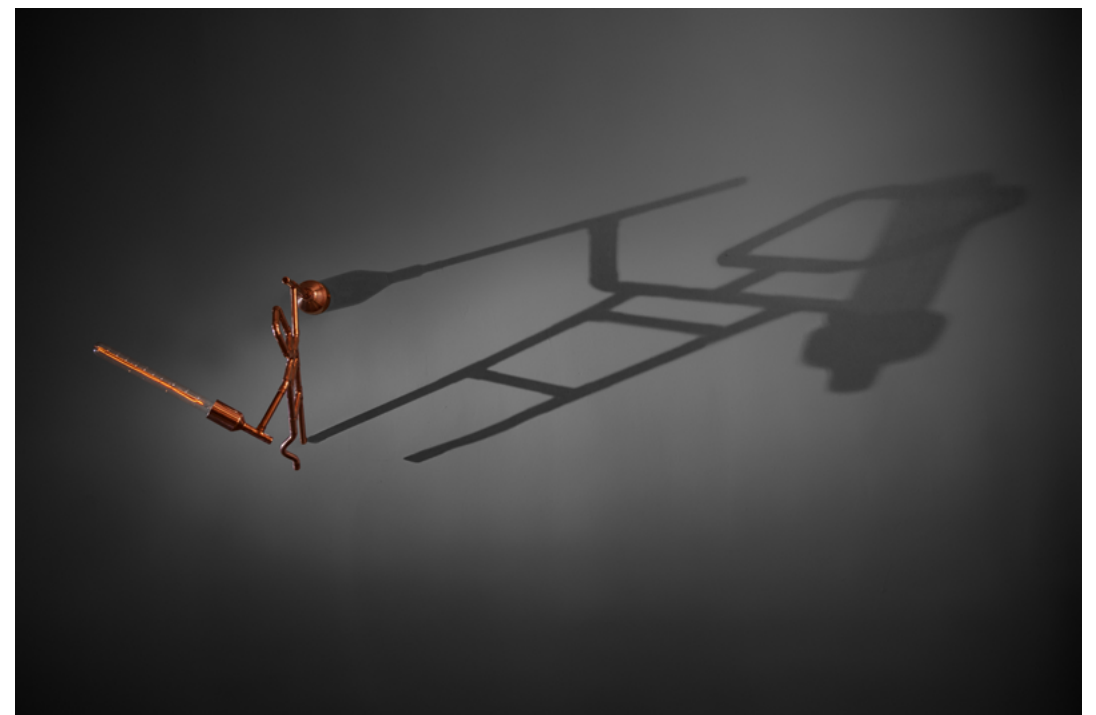

A member of the Homino family. Copper knight with a light sword guarding his owner against the darkness.

Dimensions: 20 W x 38 D x 45 H cm  
8 W x 15 D x 17.5 H inch

Material: copper

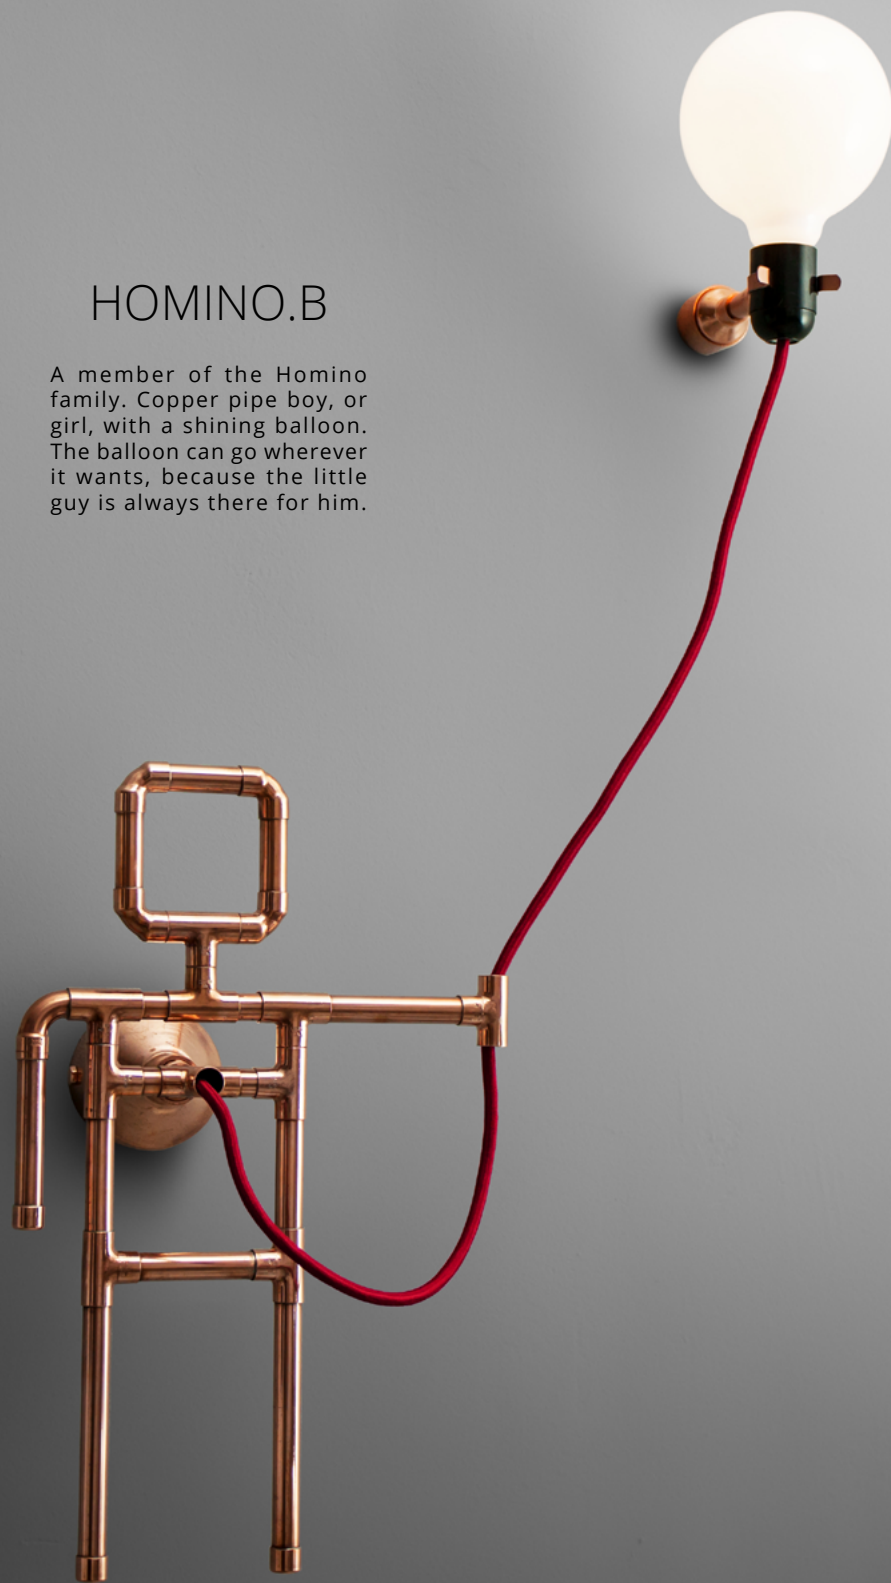

Customization: metal

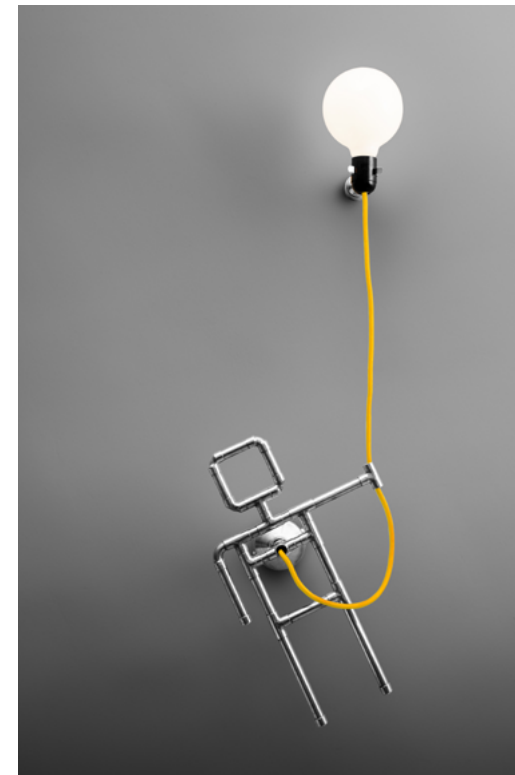

## HOMINO.B

A member of the Homino family. Copper pipe boy, or girl, with a shining balloon. The balloon can go wherever it wants, because the little guy is always there for him.

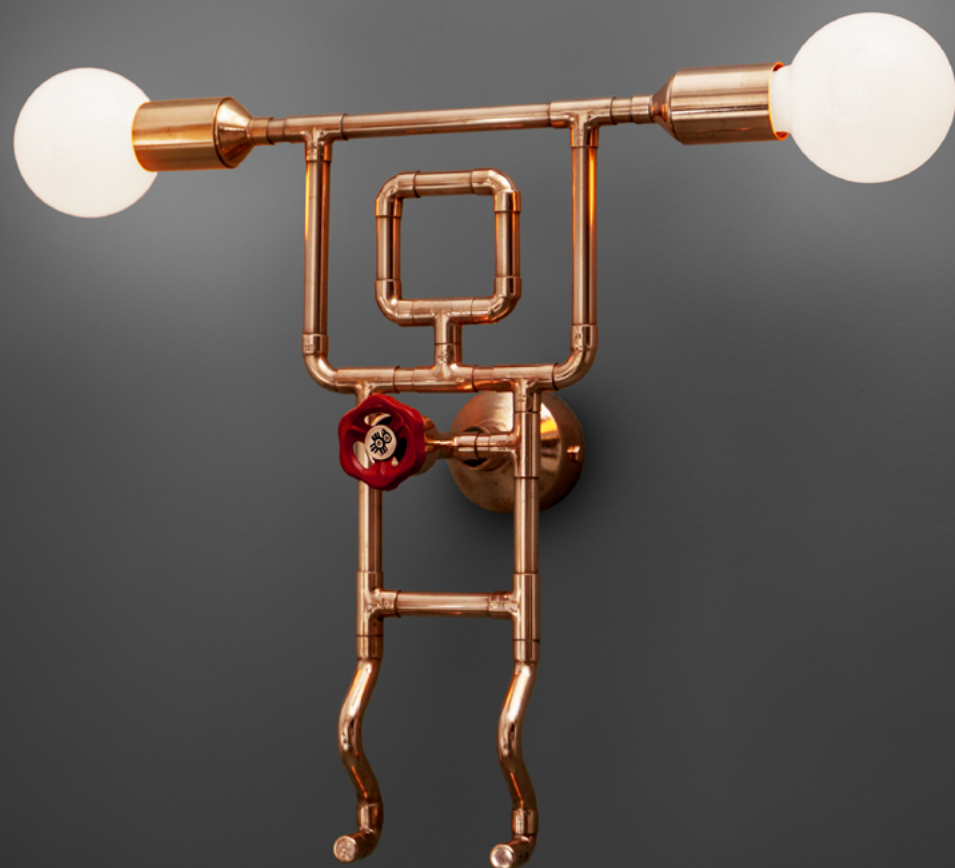

ZAPALGO

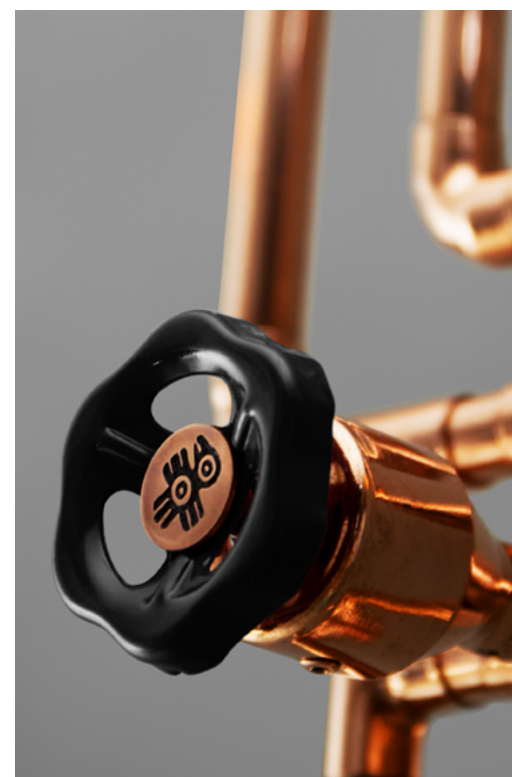

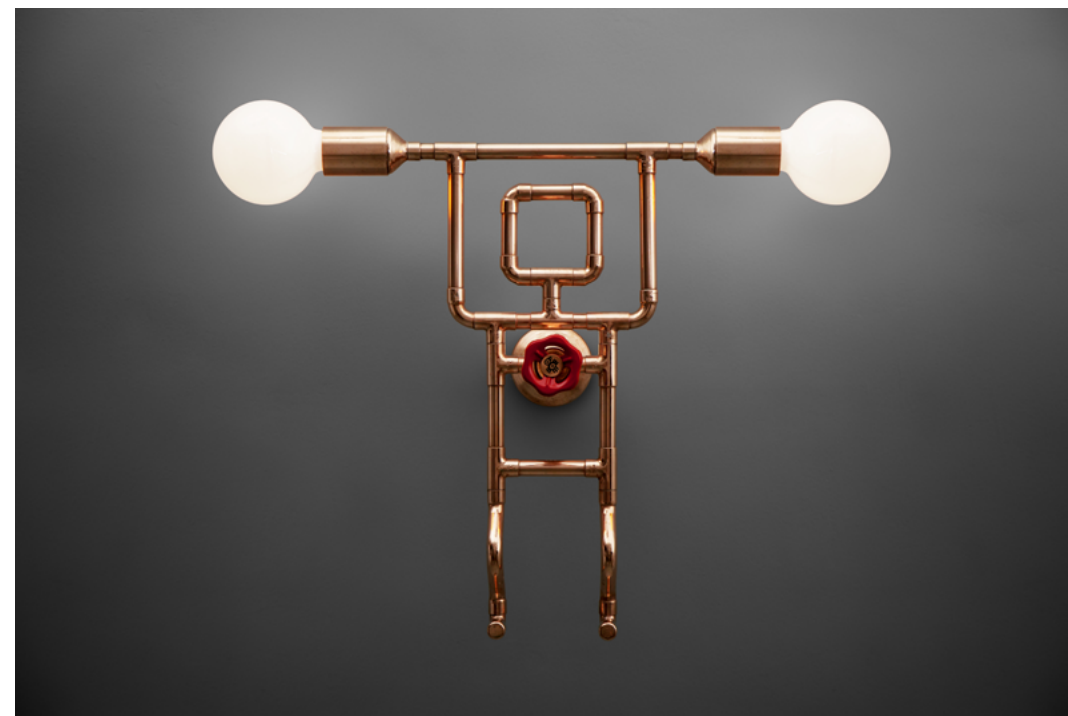

Dimensions: 28 W x 15 D x 42 H cm  
11 W x 6 D x 6.5 H inch  
Material: copper  
Customization: metal, cord

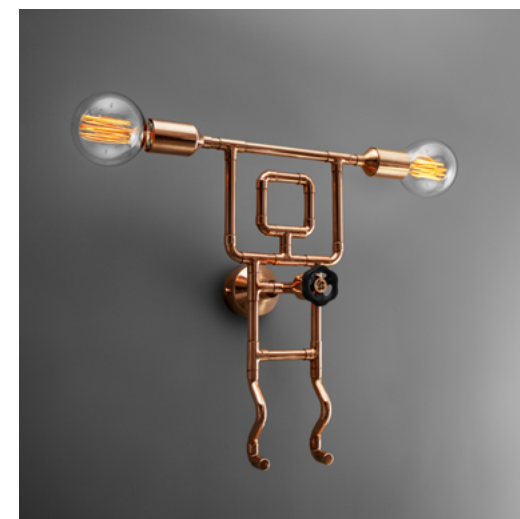

## HOMINO.K

A member of the Homino family. Weightlifter trying his best to handle all the light. You can help him by turning the dimming knob and making the light little lighter.

Dimensions: 42 W x 22 D x 47 H cm  
16.5 W x 8.5 D x 18.5 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob

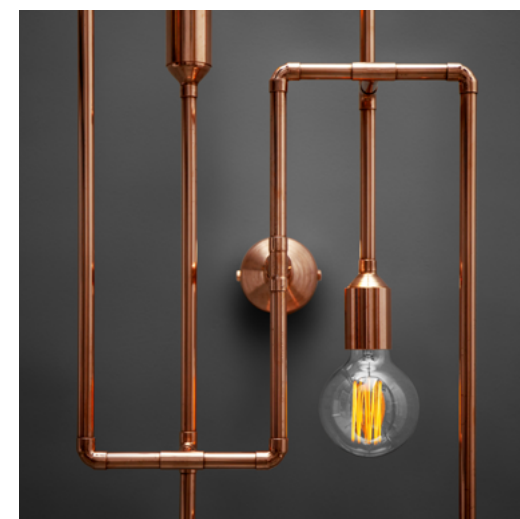

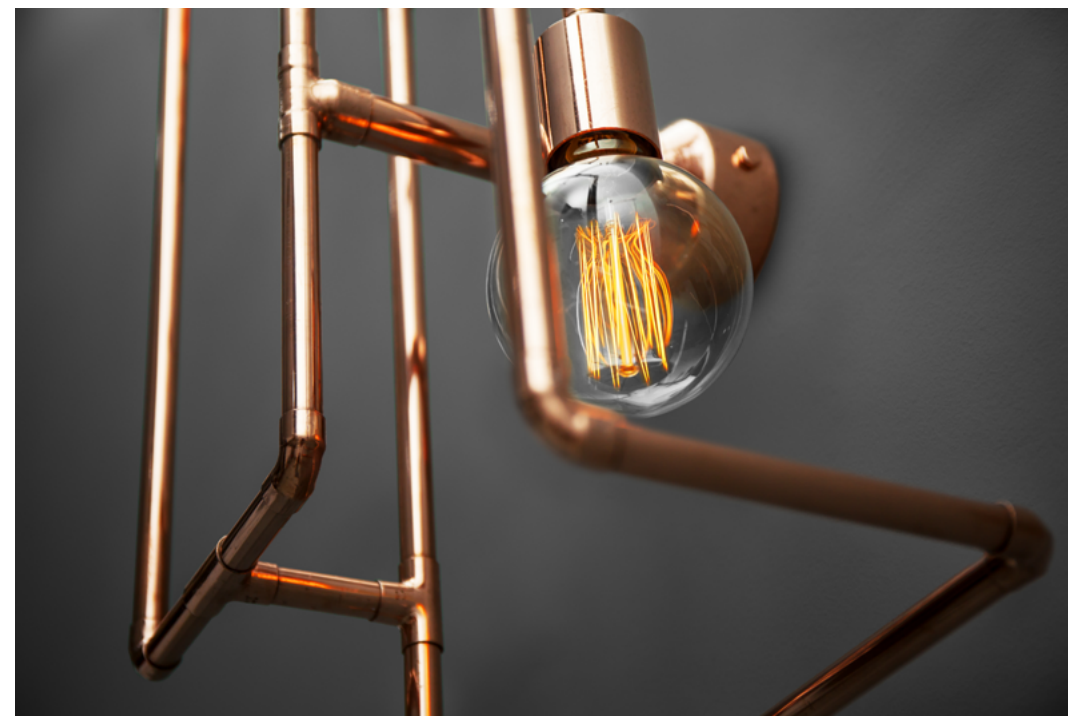

## STIJLO

Wall lamp with a real style. The lost piece of industrial modernism. The finishing touch to your loft apartment, a real sculpture for your wall that won't be unnoticed.

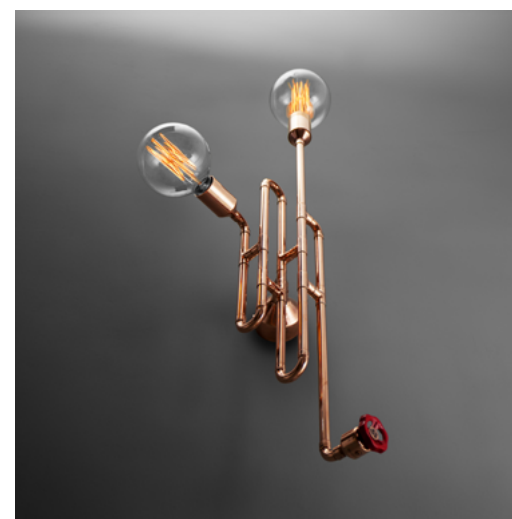

Dimensions: 36 W x 22 D x 72 H cm  
14 W x 8.5 D x 28.5 H inch  
Material: copper  
Customization: metal

## DUONO

We are very proud of this one. This sconce is bold, beautiful, unconventional and original. The in-built rotary dimmer, controlled fluently with a knob, makes it also very practical. But our guess is – you want it not because it is practical but rather for its looks. And this is good.

Dimensions: 30 W x 20 D x 84 H cm  
12 W x 8 D x 33 H inch  
Material: copper  
Power switch: rotary dimmer  
Customization: metal, knob

HANG  
IN  
THERE

CEILING  
LAMPS

## SIMPLO

A simple little ceiling lamp for one bulb. A special ceiling canopy can hold up to five copper sockets with colorful cloth-covered cables, so you can have our whole copper finish family in one place.

ZAPALGO

Dimensions: 4 W x 4 D x 9 H cm  
1.5 W x 1.5 D x 3.5 H inch  
Material: copper  
Customization: metal, cord

## SOLO

An older brother of our Simplo lamp. Despite the name, it looks best in a group.

Dimensions: 4 W x 4 D x 23 H cm  
1.5 W x 1.5 D x 9 H inch

Material: copper

Customization: metal, cord

## ZOIDO

Something new, something modern, something hanging from your ceiling. A real U.H.O. – Unidentified Hanging Object. Where did it come from? Did it come in peace?

Dimensions: 35 W x 25 D x 25 H cm  
14 W x 10 D x 10 H inch

Material: copper

Customization: metal, cord

## TRIBO.C

Part of the Tribo series. This time the strange, three-legged, industrial, twisted cage is hanging from the ceiling. The cable comes out of a solid, hydraulic ceiling canopy, whose finish matches the finish of the lamp.

ZAPALGO

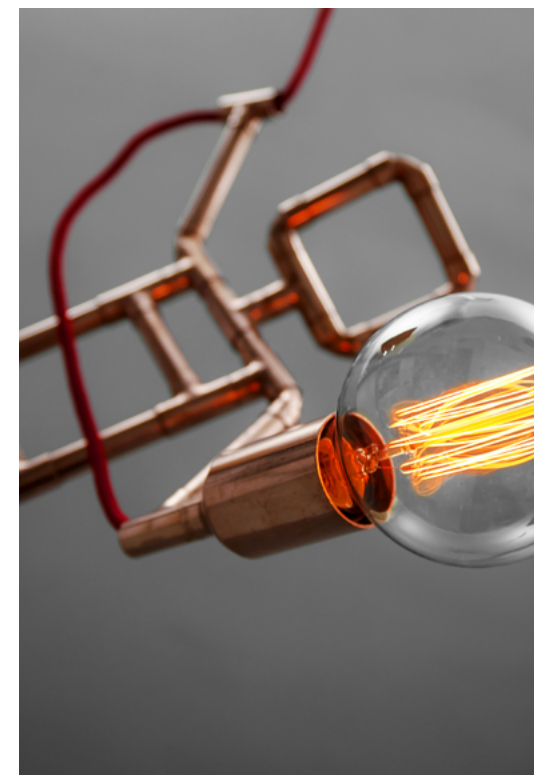

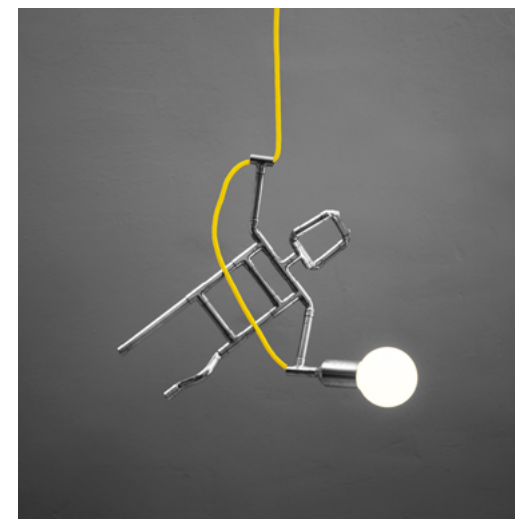

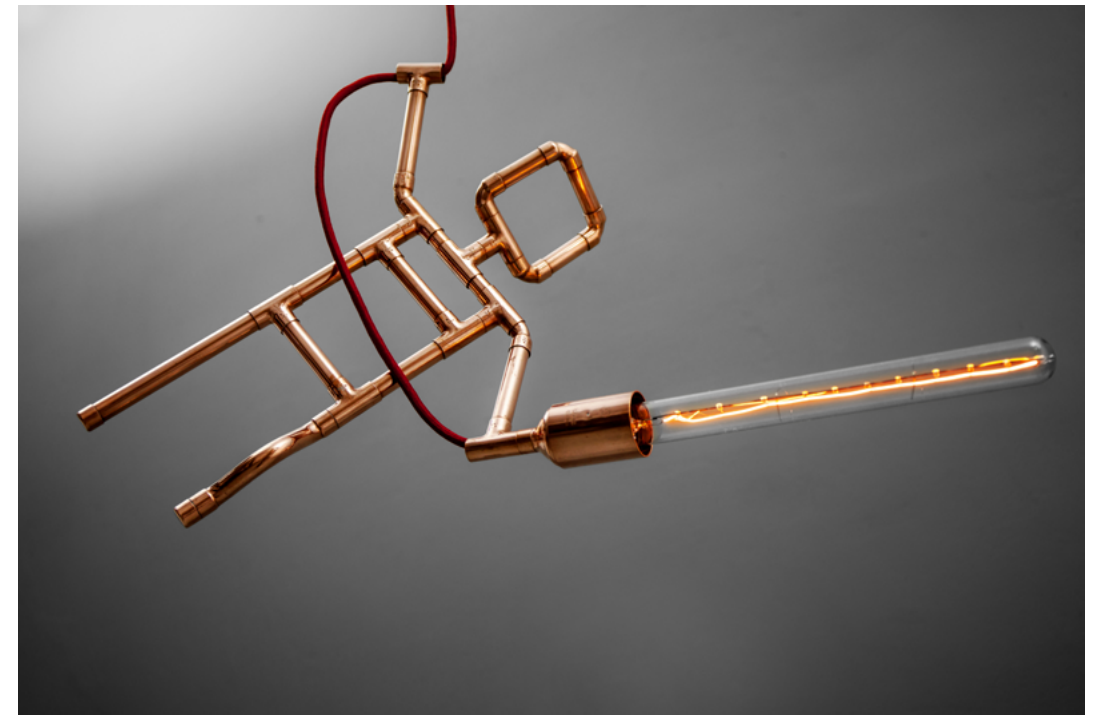

Dimensions: 16 W x 14 D x 33 H cm  
6.5 W x 5.5 D x 13 H inch  
Material: copper  
Customization: metal, cord

## HOMINO.C

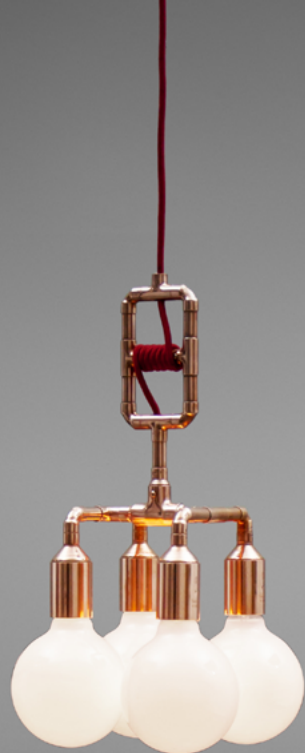

A member of the Homino family. Hanging down from the ceiling like a superhero, he is here to help you and protect you from darkness. All he wants in exchange is love. And electricity.

Dimensions: 40 W x 14 D x 40 H cm  
15.5 W x 5.5 D x 15.5 H inch  
Material: copper  
Customization: metal, cord

## OMMO

Very characteristic and iconic ceiling lamp, hard to mistake with any other pendant lamp. That's how we wanted it to be – original and one of a kind. With a clever height adjustment system, four large bulbs and number '8' built within. Meet OMMO.

ZAPALGO

Dimensions: 18 W x 18 D x 36 H cm  
7 W x 7 D x 14 H inch  
Material: copper  
Customization: metal, cord

## ORBITO

For inspiration for this lamp we used the first Earth artificial orbiters and solar system models. What we got could probably be successfully send into space, but the Cold War is over and you can now just put it on your ceiling and enjoy the story behind it.

Dimensions: 48 W x 45 D x 61 H cm  
19 W x 17.5 D x 24 H inch  
Material: copper  
Customization: metal

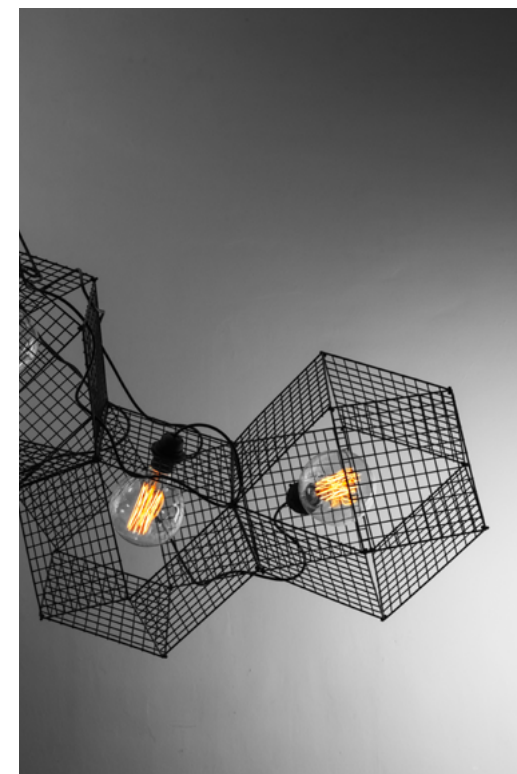

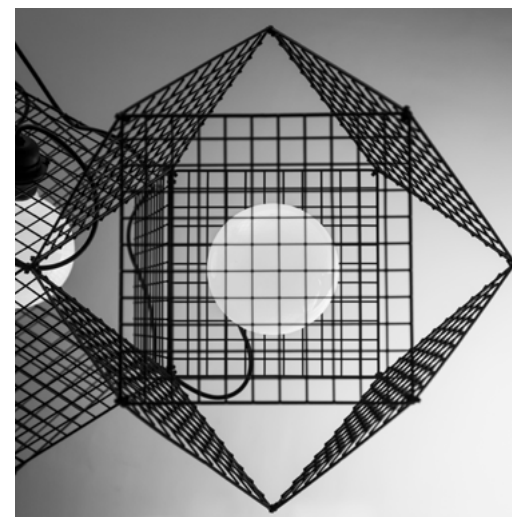

## GRIDO

Cyberpunk, geometrical model of a molecule, a large molecule with spherical bulbs imitating nuclear nuclei. A modern, brutal, massive 5 feet long lamp (1,5 m) making a perfect completion for a long, unusual, dining table.

Dimensions: 155 W x 62 D x 60 H cm  
61 W x 24.5 D x 23.5 H inch  
Material: carbon steel  
Customization: metal

## CURIO

Our tribute to famous polish scientist Maria Curie-Skłodowska. This chandelier looks like it was taken straight out of her laboratory, with large bulbs instead of flasks, lying freely in pure copper hemispheres.

Dimensions: 60 W x 60 D x 12 H cm  
23.5 W x 23.5 D x 5 H inch  
Material: copper  
Customization: metal, cord

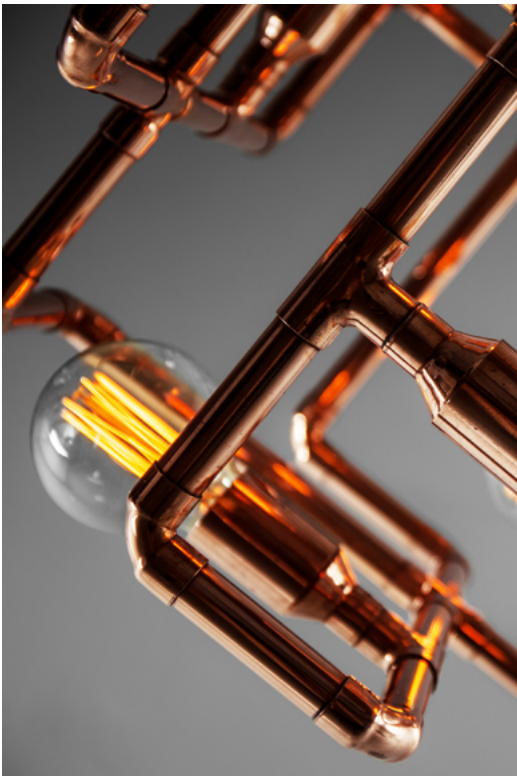

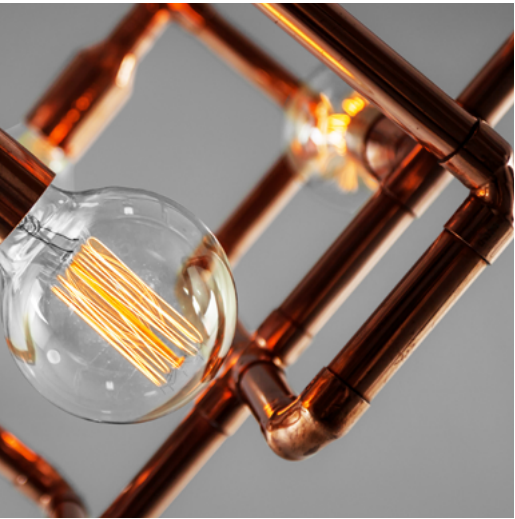

# MANDALO

Good ancient vibrations in a form of a big, almost levitating cube with a pinch of Indian spirit. It does not make any sounds on its own, but stare at it long enough and you will hear it calling you, inviting you to come inside.

ZAPALGO

Dimensions: 60 W x 60 D x 55 H cm  
23.5 W x 23.5 D x 21.5 H inch  
Material: copper  
Customization: metal

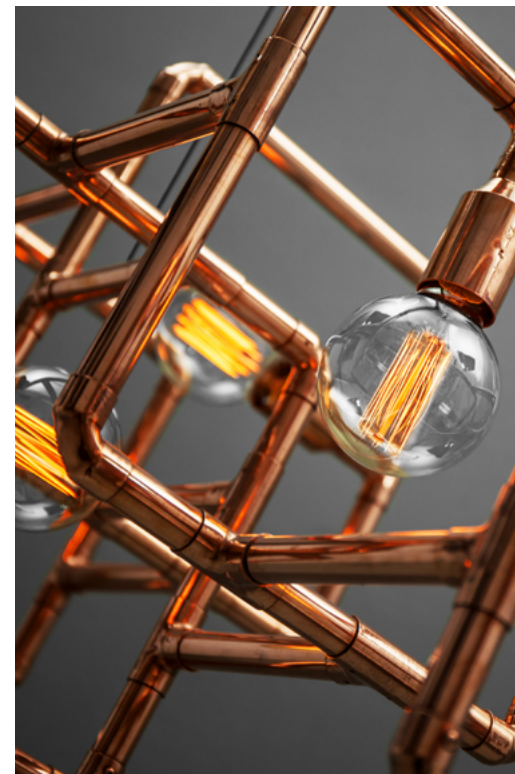

## VERTIGO

This complicated structure came as an outcome of some mathematically imposed divisions of a simple square. Each of seven sections of this lamp is a square with a bulb, but together they make a tunneled vortex and a symphony of light.

Dimensions: 125 W x 54 D x 54 H cm  
49 W x 21.5 D x 21.5 H inch  
Material: copper  
Customization: metal, cord

## CEREBRO

Outrageous – very bold, unusual and startling. This is a good word to describe this ceiling lamp. Inspired by fractals of natural growth of living organisms – like branches and roots of a tree – this lamp is monstrous in both its appearance and the message it sends.

ZAPALGO

Dimensions: 33 W x 37 D x 82 H cm  
W x 10 D x 10 H inch  
Material: copper  
Customization: metal

ENJOY  
THE  
SILENCE

FURNITURE

## PISTOLO

The number  $\pi$  is a mathematical constant, the ratio of a circle's circumference to its diameter. It is something solid, something permanent, reliable, stable, persistent and firm. Something concrete. A concrete monolith. A concrete stool.

Dimensions: 40 W x 20 D x 40 H cm  
15.5 W x 8 D x 15.5 H inch

Material: concrete

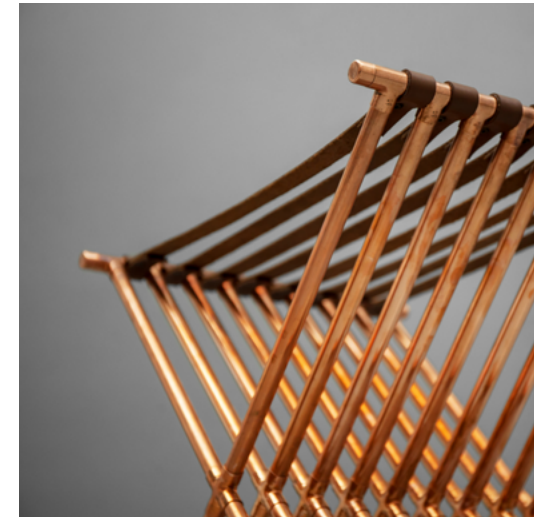

## TONDILO

The structure of this stool alludes directly to one of our favourite projects - a scissor chair. It was known in Ancient Egypt, Rome and Greece and popularized during European Renaissance. And now this X-chair can be yours.

ZAPALGO

Dimensions: 50 W x 37 D x 50 H cm  
19.5 W x 14.5 D x 19.5 H inch  
Material: copper, leather  
Customization: metal

## TRIKKO

Although it may look otherwise, we can guarantee one thing – the top of this little side-table is totally flat. Trikko is only playing some tricks on your mind, don't get fooled and confidently put a cup of coffee and a good book on it. It won't bite.

Dimensions: 52 W x 52 D x 45 H cm  
20.5 W x 14.5 D x 17.5 H inch  
Material: copper, marble  
Customization: metal

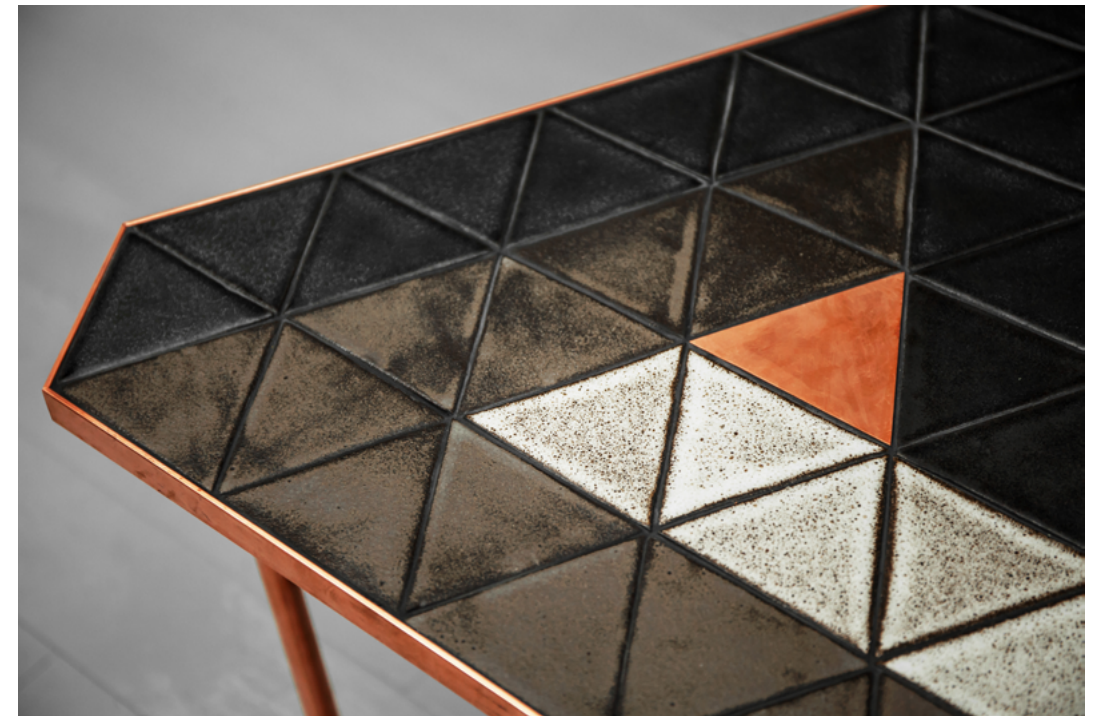

## PENROSO

An impossible side table? Not anymore. We present you the designers impossibility in its purest form. The top pattern was inspired by a Penrose Triangle and is an outcome of co-operation with our friendly, ceramic wonder-maker company Solemika.

Dimensions: 53 W x 53 D x 42 H cm  
21 W x 21 D x 16.5 H inch

Material: copper, ceramic tiles

Customization: metal

## TABLO

From now on, 'Z' is for Zapalgo. This elegant desk is handmade of solid wood and thick copper plates. With our craftsmanship and your choice of wood and copper finish, together we can make a luxurious, unique object that expresses owners' personality and good taste.

Dimensions: 100 W x 55 D x 75 H cm  
39.5 W x 21.5 D x 29.5 H inch  
Material: copper, solid wood  
Customization: metal, wood

## REFLEKTO

Outstanding vanity for the better part of humanity. Handmade from solid wood and thick copper plates, with a profound understanding of natural materials and special attention to detail, this folding vanity can serve as both dressing table and working desk. Everything a modern woman needs and deserves.

Dimensions: 100 W x 55 D x 75 H cm  
39.5 W x 21.5 D x 29.5 H inch

Material: copper, solid wood

Customization: metal, wood, cord

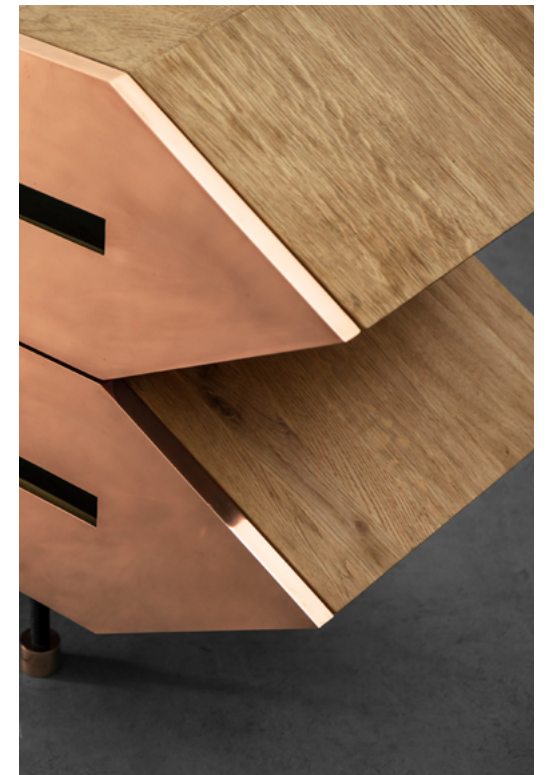

## FURIO

Solid wood, pure, thick copper plates and furious design. Being a media console for any kind of electronics - TV, DVD, speakers - is just a disguise. This post-apocalyptic futurism representative came back in time to send us a message. A message about how great the future design looks.

Dimensions: 145 W x 42 D x 66 H cm  
57 W x 16.5 D x 26 H inch  
Material: copper, solid wood  
Customization: metal, wood

## CELO

Designed and built by an unknown civilization, this outer space drinks cabinet has just landed successfully. Brute, solid, hexagonal block on four machine trapezoid spindles – everything made of raw, pure materials – solid wood, thick copper plates and iron. Out of this world, but true and real.

Dimensions: 87 W x 50 D x 170 H cm  
34.5 W x 19.5 D x 67 H inch  
Power switch: on/off switch  
Material: copper, solid wood, carbon steel  
Customization: metal, wood, cord

## MODUSO

The great thing about this high, free-standing showcase is that you can arrange it in so many ways. The colorful, fluorescent plexiglass plates are fully switchable, so the final form depends on your will. Discover your own method of organizing the plates, your *modus operandi*, and create something new.

**Dimensions:** 36 W x 36 D x 208 H cm  
14 W x 14 D x 82 H inch

**Material:** carbon steel, fluorescent plexiglass

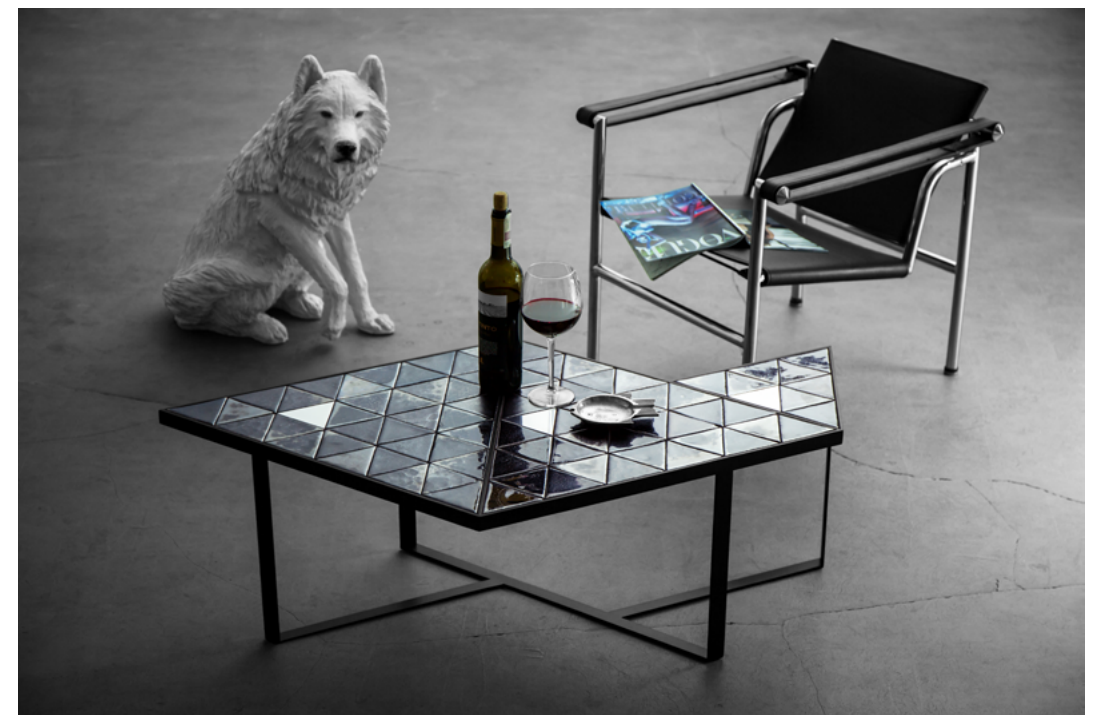

## ORIONO

Have you ever looked into the sky in the middle of the night and saw three bright stars lined up almost perfectly? That's the Orion belt. The Egyptian Pyramids were built on the plan of those stars, and now you can have them on your coffee table, in aluminum triangles shining out of the handmade tiles sky.

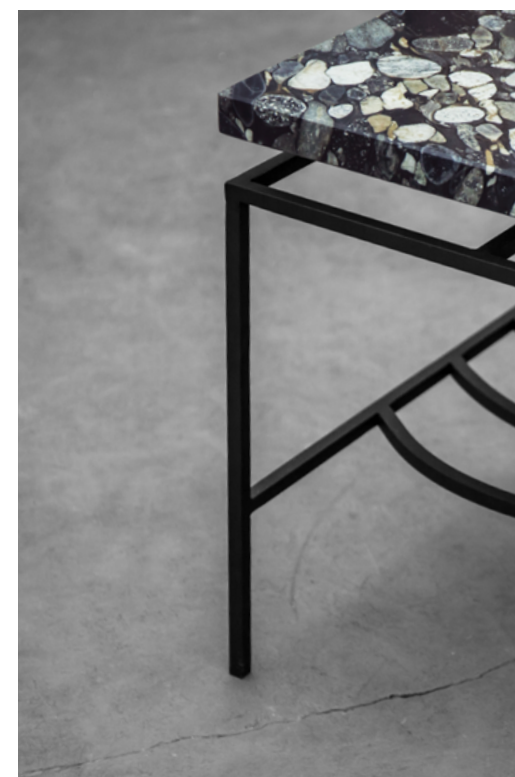

**Dimensions:** 110 W x 64 D x 38 H cm  
43.5 W x 25 D x 15 H inch  
**Material:** carbon steel, ceramic tiles, aluminum

## MORGANO

Natural Brazilian granite frozen in time with a small current underneath it – a rare possibility of having a little piece of a mountain creek in the middle of your living room. Just let it flow.

Dimensions: 100 W x 50 D x 46 H cm  
39 W x 20 D x 18 H inch

Material: carbon steel, Brazilian granite

## TUNDRO

Originated from cold, Siberian wilderness, this indoor/outdoor, hardworking low table is here to keep your fireplace efficiently supplied and your senses sharpened.

ZAPALGO

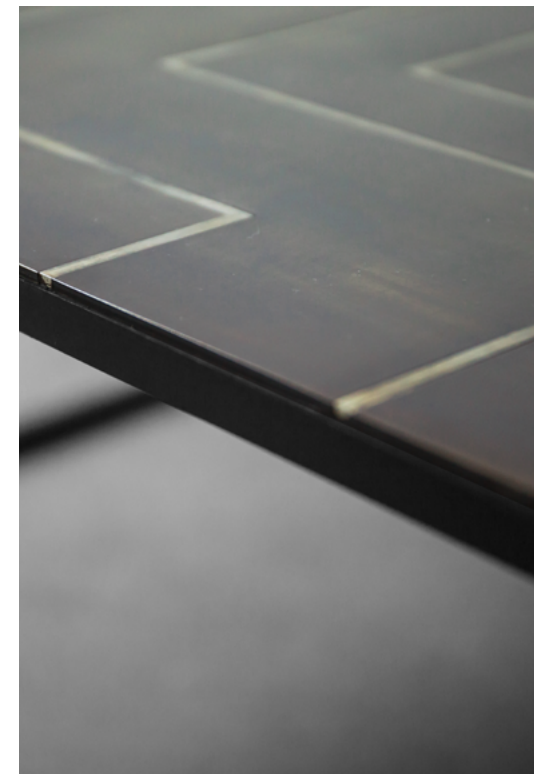

Dimensions: 100 W x 100 D x 50 H cm  
39.5 W x 39.5 D x 19.5 H inch  
Material: stainless or carbon steel, coated glass  
Customization: metal

## TALO

The grid. A digital frontier. This electronic pattern is not engraved. It is laser-cut with very high precision from two different metal plates, then joined together and carefully finished to produce an impression of integrity. And an integrated circuit.

Dimensions: 100 W x 100 D x 34 H cm  
39.5 W x 39.5 D x 13.5 H inch

Material: carbon steel, stainless steel

## FENDO

A piece of exceptional architecture on your floor, under your TV set. Made of solid wood and a high quality stainless steel, this low cabinet was directly inspired by finest modern conceptual buildings.

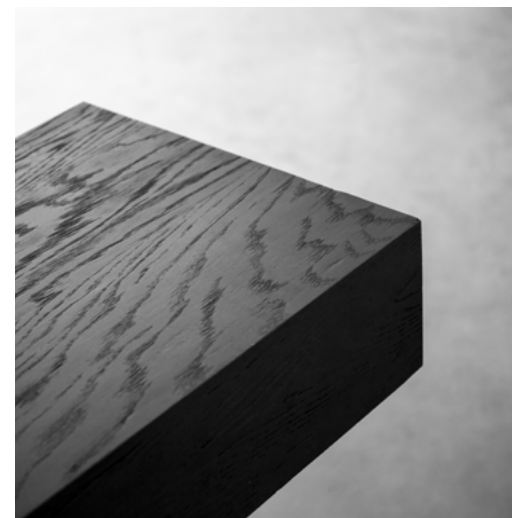

Dimensions: 138 W x 46 D x 46 H cm  
54.5 W x 18 D x 18 H inch  
Material: stainless or carbon steel, solid wood  
Customization: metal, wood

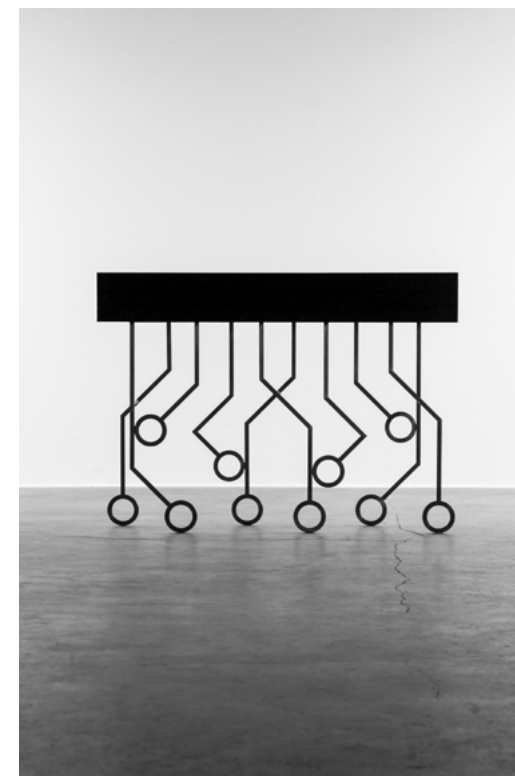

10

An unusual and eye-catching console. This is our macro tribute to integrated circuits, the design and genius of which is not broadly recognized and praised. A beautiful addition to your interior with a story to tell.

Dimensions: 110 W x 40 D x 80 H cm  
43.5 W x 15.5 D x 31.5 H inch  
Material: carbon steel, solid wood  
Customization: wood

ACCESSORIES

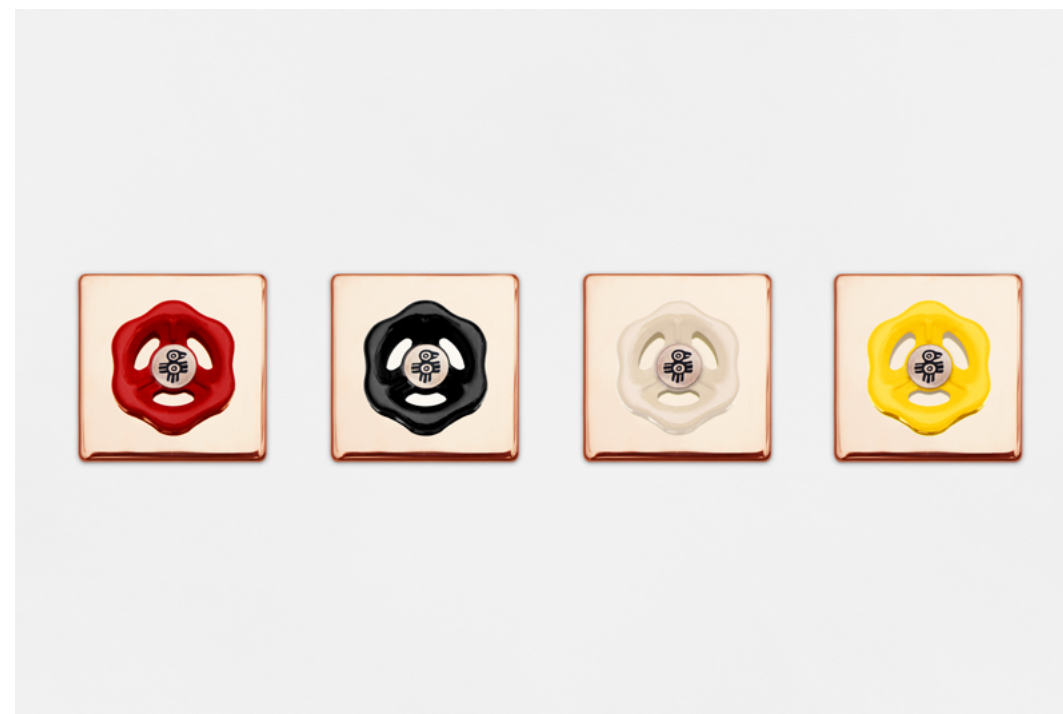

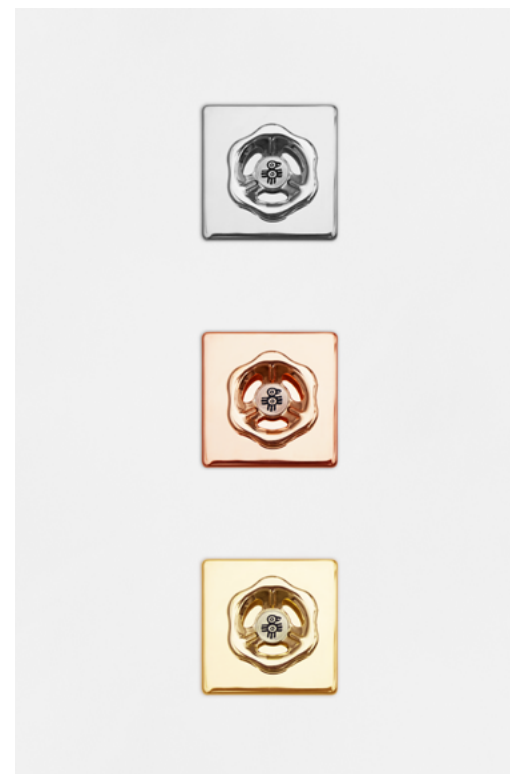

## VALVO

We offer a feature that allows you to decide the type of ambience you prefer in your room. This rotary, knob-controlled dimmer works the same as the one in our lamps. The colorful knob is easy to switch, so you can get an extra one and change it whenever you like. At last a wall dimmer for industrial, loft lighting design.

ZAPALGO

Dimensions: 8.5 W x 2.5 D x 8.5 H cm  
3.5 W x 1 D x 3.5 H inch  
Material: copper  
Customization: metal, knob

## ORIGAMO

One of the results of our fascination in Japanese modest, simplistic and humble way of life and making things. This copper giraffe is 100% handmade from one piece of thick copper plate and available in a wide choice of copper finishes and platings.

ZAPALGO

Dimensions: 12 W x 8 D x 31 H cm  
4.5 W x 3 D x 12 H inch  
Material: copper  
Customization: metal

## TIRKESTO

A little copper and wood box designed specially for our Reflekto vanity, but may equally well serve as a toolbox for a working desk. In both cases of hard working conditions, it does its work perfectly.

ZAPALGO

Dimensions: 9 W x 9 W x 14 H cm  
3.5 W x 3.5 D x 5.5 H inch  
Material: copper, solid wood  
Customization: metal, wood

## FIGURO

Figuro is a small version of our ceiling Mandalo lamp. It may be an original paper weight or a nice sculpture for your shelf or kitchen table. The shape is complicated and it may seem random at first sight, but if you stare at it long enough, you will see the pattern. And its true beauty.

Dimensions: 27 W x 27 D x 25 H cm  
10.5 W x 10.5 D x 10 H inch  
Material: copper  
Customization: metal

## TOTEMO

A clever tealight candle holder that attracts attention not only because it's beautiful, but also because it literally attracts tea light candles with a small but powerful neodymium magnet attached to its top. Minimalistic yet very practical.

Dimensions: 10 W x 10 D x 14 H cm  
4 W x 4 D x 5.5 H inch  
Material: aluminium, neodymium magnet

## DODO

A sculpture for some, a garden (they are pretty big) or shelf accessory for others, Dodo adds some kind of calmness and peace everywhere it rests. It is designed, handmade and hand-painted by our friend artist Małgorzata Brodzikowska-Pionnier - an architect, a sculptor and a truly amazing person.

ZAPALGO

Dimensions: 40 W x 17 D x 33 H cm  
15.5 W x 6.5 D x 13 H inch  
Material: ceramics  
Customization: color

Medium Straight  
(Filament or LED)

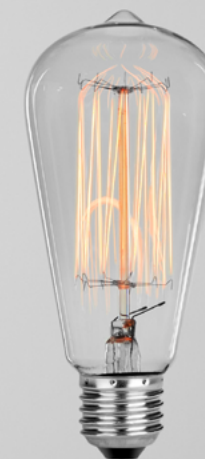

Bulbs are indispensable and essential part of our lamps. We use only high quality, low wattage, decorative bulbs that underline otherworldliness and industrial feel of our projects. Either they are old-fashioned Edison/Tesla style bulbs or opal, white glass, big globe bulbs, they give candle-like, warm, soft and cozy light that set the mood of a place or interior instantly.
